Subject: Road Safety - Safer Cycling Resources

Dear Schools

We hope you are keeping well.

Attached are some resources for you to use, focusing on safer cycling behaviour.

There are printable **worksheets**, for use in school and at home; there are separate ones for Keystage 1 & 2.

There is also a new format we are trialling; the **You & Your Bike Sway,** an interactive presentation designed for upper KS2. This is a resource that can be used for self-led learning or for guided classroom discussions.

To access this resource please click this link

in partnership with

Nottinghamshire County Council

You & Your Bike

A resource for years 5 & 6

Go to this Sway

Please feel free to send this link to pupils accessing work at home.
The resource includes a short quiz at the end for children to complete to show they have understood the learning.

As always we would love to see any examples of how you have used the resources we send out and also to hear any feedback. This really helps us focus on what kind of resources to develop next.

Just a reminder as well, that live remote road safety sessions are available for classes and can include keyworker bubbles as well as those at home. We have some limited space for bookings before the 8th March, but we can also take bookings for virtual lessons straight into classrooms later on in the term.

If you require any further information please let me know,
Many thanks
Autumn
