

Dear Member,

Apprenticeships

Please find attached the report on Apprenticeships which was provided for the 'You make the Difference Board' together with an action plan arising from this. . I look forward to attending your meeting on Monday 26 April 2010 to further update you on the work we have been doing in this area. I am aware that the figures in the report showing the numbers of apprenticeships across the County Council has moved on since the report was written but I am hopeful that I will have the current figures to report at the meeting

Regards

Marje Toward
Service Director (HR)
