

6 June 2018**Agenda Item: 11****REPORT OF THE CORPORATE DIRECTOR, ADULT SOCIAL CARE, HEALTH
AND PUBLIC PROTECTION, NOTTINGHAMSHIRE COUNTY COUNCIL****SUSTAINABILITY AND TRANSFORMATION PARTNERSHIPS ANNUAL
REPORT****Purpose of the Report**

1. To update the Board on the Nottingham and Nottinghamshire STP Annual report to be published in June 2018

Information and Advice

2. The Nottingham and Nottinghamshire STP was submitted to NHS England in October and published on 24 November 2016. This was a draft Plan, produced and supported by all partner organisations.
3. The Plan built on existing service improvement work and drew on information that we had gathered from conversations with local people as part of this. The draft Plan set new, ambitious goals to renew and strengthen our commitment to working together as a health and care system.
4. Since the publication of the draft Plan, we have sought further feedback and comments from citizens, patients, carers, service-users, staff and organisations, providing a number of ways for people to feed in their views over a three-month period.
5. Feedback on the Plan did not suggest we needed to change our overall priorities or strategic direction. However, concerns were raised about how ambitious the Plan is, how we will deliver it and how we will bring about the required culture change in the way we work together as individuals and organisations to provide joined up health and social care services. The feedback also highlighted aspects of care for individuals or groups of people that did not have enough focus, for example children and young people, those with mental health problems and carers.
6. The Update to the STP was published in July 2017 on www.stpnotts.org.uk . It restates our challenges and provides additional detail on how we intend to respond to these. The main areas covered in the Update are:
 - Our approach to delivery

- Communication and engagement with local people and staff
 - Provide more detail on themes people told us were important to them – mental health, children and young people and carers
 - Update on accountable care systems
 - Finance and governance
 - What will be different in 2016/17
7. In the Update to the STP the partnership committed to publishing an annual report to give local people information about the progress that has been made to deliver the plan and outline priorities for the following year. The Plan will continue to evolve based on evaluations of local pilot projects, new evidence from elsewhere or changes in national policy as well as the information we receive from local people throughout ongoing engagement activities.
