

13 September 2016**Agenda Item: 4****REPORT OF THE CHAIRMAN OF JOINT CITY AND COUNTY HEALTH
SCRUTINY COMMITTEE****ENVIRONMENT, WASTE AND CLEANLINESS AT NOTTINGHAM
UNIVERSITY HOSPITALS****Purpose of the Report**

1. To introduce the latest data on Environment, Waste and Cleanliness at Nottingham University Hospitals (NUH).

Information and Advice

2. The Joint Health Committee regularly examines issues of Environment Waste and Cleanliness at NUH.
3. In late July, NUH issued a statement indicating that there had been some early signs of improvement from Carillion in some of the areas which required urgent attention, including the availability of cleaning materials and linen. Carillion also introduced a new 'bank' to cover unexpected staff absences and have adapted some working practices so that services are more responsive to the needs of NUH wards and clinical areas. NUH satisfaction levels are based on the 'lived' experience of patients and staff, and this indicates that there remains much work to do to ensure the consistent delivery of the necessary standards across all services. At the same time, Carillion reactively stated that it was committed to providing a high standard of service to the Trust, and wishes to work closely with the Trust to tackle any identified problems. Carillion will continue to monitor clinical teams' experience of their services.
4. In August, Unison issued a statement saying it believes that Carillion is failing to deliver on cleaning services. In response, NUH issued a statement that the Trust Board requires urgent improvements from Carillion in response to declining cleanliness standards and inconsistent standards across a range of services including linen provision, availability of equipment and portering. It reported that there had been no general increase in infections over the period standards of cleanliness have deteriorated. The Trust Board is monitoring Carillion's performance monthly and is considering the future of the contract with Carillion.
5. A presentation from Nottingham University Hospitals (NUH) is attached as an appendix to this report.
6. Dr Stephen Fowlie, Medical Director for NUH will attend the Joint Health Committee to deliver the presentation and answer questions.

7. Members may wish to add a visit to the NUH work programme of the Joint Health Committee.

RECOMMENDATION

- 1) That the Joint City and County Health Scrutiny Committee consider and comment on the information provided.

Councillor Parry Tsimbiridis

Chairman of Joint City and County Health Scrutiny Committee
