|--|------------------------------|---|---|--------------------------|
| Action<br>(Number then<br>action narrative)  | Target<br>Completion<br>Date | Status  | Explanation for RAG rating  | Expected completion date |
| 1.2.2 - Enhance<br>Divisional clinical<br>governance<br>arrangements and<br>appoint to five<br>clinical governance<br>leads. | 31.12.15                     | Closed / to be<br>removed – see<br>action 5.2.1 | May 2016 update: On-going<br>discussions and potential<br>solutions continue to be<br>explored with NUH for the<br>vacant positions in Medicine<br>and Emergency & Urgent Care. | 31.5.16                  |

| Risk/Issue to Highlight to QSIB | Mitigating Action | <u>Status</u> |
|---------------------------------|-------------------|---------------|
| None                            |                   |               |

| <u>Action</u><br>(Number then action narrative)           | Blue Action Form Submitted?<br>Yes / No | <u>Comments</u> |
|---|---|-----------------|
| 1.4.4 Develop an on-going programme of Medical Leadership | Yes                                     |                 |

| governance disciplines and the<br>assignment of NEDS to Execs for<br>effective delivery of sub-<br>committees |
|---|
|---|

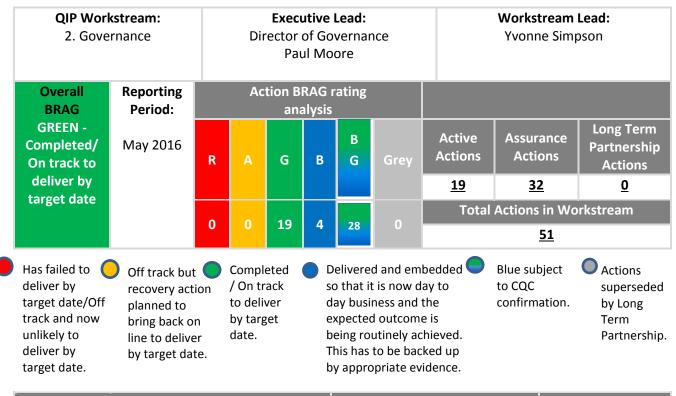

| <u>Action</u><br>(Number then action narrative)   | <u>Rationale</u>  |
|---|---|
| 1.1.1 Refresh the Trust strategy in light of the direction agreed with regulators and stakeholders.                                       | Action superseded by LTP. It is not appropriate to refresh the Trust<br>strategy in light of the LTP. Short term immediate priorities were<br>developed to reflect the LTP and agreed by Board February 2016. The<br>merger and new organisation will determine the future strategy.  |
| 1.1.2 Develop a revised compelling strategic narrative  | Action superseded by LTP. It is not appropriate to develop a revised compelling strategic narrative in light of the LTP. Therefore short term immediate priorities were developed to reflect the LTP and agreed by Board February 2016. These strategic priorities are the strategic narrative during the LTP transition period. The new organisation will determine the future strategy and therefore the strategic narrative. |
| 1.1.3 Develop and deliver a<br>deployment plan to communicate<br>and engage with staff, patients<br>and visitors, in relation to strategy | Action superseded by LTP. Trust strategy superseded by LTP<br>approach. Short term immediate priorities developed and<br>implemented which reflect the LTP; communicated at staff<br>engagement sessions and team briefings. Due to the LTP a separate<br>SFH strategy for patients and the public is not appropriate therefore<br>actions stayed.  |
| 1.5.5 – Robust utilisation of<br>strategic partners to develop peer<br>support programme for specific<br>Non-Executive assurance visits.  | Action superseded by LTP. Effective peer support partnerships were<br>established with Non-Executives at NUH. However, due to the LTP<br>tender process the partnerships were suspended to avoid any conflict<br>with other potential LTP's. As part of the NUH merger, some of the<br>NED's may form part of the new board going forward.  |

| <u>Action</u><br>(Number then action narrative)   | Blue Action Form Submitted?<br>Yes / No | <u>Comments</u>  |
|---|---|--|
| 6.1.6 – introduce new transfer<br>protocol to transfer patients back to<br>Wards from theatre | Yes                                     | The theatre team have reduced the<br>time taken to transfer a patient<br>from theatre back to the ward from<br>an average of 27 minutes to an<br>average of 13 minutes, once the<br>patient is ready for discharge from<br>recovery. Importantly the team are<br>engaged in further improvements<br>to the time. |

# Sherwood Forest Hospitals NHS Foundation Trust

| 6.2.3 – Using the ambulatory<br>networks toolkits for 'breaking the<br>cycle' methodology every 8 weeks.  | Yes | SFH calls it's breaking the cycle'<br>methodology 'There's No Place Like<br>Home' (TNPLH). It has run four<br>TNPLH events since October 2015.<br>Whilst increasing ambulatory care<br>was a specific part of the first and<br>second cycles of the process, there<br>was less focus on the third and<br>fourth iterations. Nevertheless the<br>use of CDU has increased and<br>patients with a 0 LoS in EAU has<br>decreased.<br>TNPLH continues.   |
|---|-----|--|
| 6.3.1 – work with commissioners as<br>well as social care and community<br>care providers as part of the system<br>resilience group to re-locate the<br>assessments to community based<br>locations | Yes | Mid Notts System Resilience Group<br>is committed to the development<br>and implementation of an<br>electronic single assessment<br>process. The pilot for the software<br>has been delayed and is currently<br>planned for June 2016.<br>Whilst the health community has<br>enabled the transfer of patients<br>from an acute bed to a nursing<br>home bed in order to have their<br>DST (Decision Support Tool)<br>undertaken, there is less support<br>for that action to be taken for<br>patients who require a Health<br>Needs Assessment (HNA). This is<br>partly because SFH are<br>commissioned to undertaken HNA's<br>and is it good practice to complete<br>the assessment by a member of<br>staff who knows the patients, albeit<br>for a number of days during their<br>acute hospital admission. There has<br>been one occasion when a patient<br>was transferred from KMH to a<br>nursing home to have their HNA<br>completed, but this was seen as a<br>'one-off' and was a consequence of<br>extreme bed pressures.<br>The CCG have confirmed there is<br>nothing more SFH can do in order<br>to speed up the pilot of the<br>electronic support tool. |
| 6.5.11 – Teaching session to all clinical staff on RTT and reconciliation   | Yes | This action was devised by the<br>organisation in response to the<br>Section 29a of the CQC which<br>recognised the organisation had   |

# Quality for all Sherwood Forest Hospitals

NHS Foundation Trust

|  | not progressed in a timely way its<br>response to the backlog of<br>unreconciled patient who had not<br>got a follow up appointment<br>booked.<br>This action sat alongside one to<br>ensure all appropriate<br>administrative staff were properly<br>trained in using the Medway PAS<br>system. This was to ensure that the<br>staff were able to do not only<br>reconciliation but a number of<br>other administrative processes<br>associated with safe and timely<br>processing of patients attending for<br>an outpatient appointment.<br>The organisation now has good<br>compliance with reconciliation. Up<br>to 3 <sup>rd</sup> May 2016 there were 908<br>patients who still required<br>reconciliation of their OP<br>appointments.<br>72.5% of the relevant clinical staff<br>have now been trained on how to<br>reconcile appointments on Medway<br>PAS, but the view is that the safest<br>way to ensure the process is |

| <u>Action</u><br>(Number then action narrative)   | Blue Action Form Submitted?<br>Yes / No | <u>Comments</u>  |
|---|---|--|
| 6.1.6 – introduce new transfer<br>protocol to transfer patients back to<br>Wards from theatre | Yes                                     | The theatre team have reduced the<br>time taken to transfer a patient<br>from theatre back to the ward from<br>an average of 27 minutes to an<br>average of 13 minutes, once the<br>patient is ready for discharge from<br>recovery. Importantly the team are<br>engaged in further improvements<br>to the time. |

# Sherwood Forest Hospitals NHS Foundation Trust

| 6.2.3 – Using the ambulatory<br>networks toolkits for 'breaking the<br>cycle' methodology every 8 weeks.  | Yes | SFH calls it's breaking the cycle'<br>methodology 'There's No Place Like<br>Home' (TNPLH). It has run four<br>TNPLH events since October 2015.<br>Whilst increasing ambulatory care<br>was a specific part of the first and<br>second cycles of the process, there<br>was less focus on the third and<br>fourth iterations. Nevertheless the<br>use of CDU has increased and<br>patients with a 0 LoS in EAU has<br>decreased.<br>TNPLH continues.   |
|---|-----|--|
| 6.3.1 – work with commissioners as<br>well as social care and community<br>care providers as part of the system<br>resilience group to re-locate the<br>assessments to community based<br>locations | Yes | Mid Notts System Resilience Group<br>is committed to the development<br>and implementation of an<br>electronic single assessment<br>process. The pilot for the software<br>has been delayed and is currently<br>planned for June 2016.<br>Whilst the health community has<br>enabled the transfer of patients<br>from an acute bed to a nursing<br>home bed in order to have their<br>DST (Decision Support Tool)<br>undertaken, there is less support<br>for that action to be taken for<br>patients who require a Health<br>Needs Assessment (HNA). This is<br>partly because SFH are<br>commissioned to undertaken HNA's<br>and is it good practice to complete<br>the assessment by a member of<br>staff who knows the patients, albeit<br>for a number of days during their<br>acute hospital admission. There has<br>been one occasion when a patient<br>was transferred from KMH to a<br>nursing home to have their HNA<br>completed, but this was seen as a<br>'one-off' and was a consequence of<br>extreme bed pressures.<br>The CCG have confirmed there is<br>nothing more SFH can do in order<br>to speed up the pilot of the<br>electronic support tool. |
| 6.5.11 – Teaching session to all clinical staff on RTT and reconciliation   | Yes | This action was devised by the<br>organisation in response to the<br>Section 29a of the CQC which<br>recognised the organisation had   |

NHS Foundation Trust

|  | not progressed in a timely way its<br>response to the backlog of<br>unreconciled patient who had not<br>got a follow up appointment<br>booked.<br>This action sat alongside one to<br>ensure all appropriate<br>administrative staff were properly<br>trained in using the Medway PAS<br>system. This was to ensure that the<br>staff were able to do not only<br>reconciliation but a number of<br>other administrative processes<br>associated with safe and timely<br>processing of patients attending for<br>an outpatient appointment.<br>The organisation now has good<br>compliance with reconciliation. Up<br>to 3 <sup>rd</sup> May 2016 there were 908<br>patients who still required<br>reconciliation of their OP<br>appointments.<br>72.5% of the relevant clinical staff<br>have now been trained on how to<br>reconcile appointments on Medway<br>PAS, but the view is that the safest<br>way to ensure the process is |

No AMBER actions. 1 RED action remains re<br>appointment of clinical governance leads within the 2 Medical divisions; there are on-going discussions and potential solutions being explored with the LTP.<br>Overall Workstream rating GREEN as solutions to the red action continue to be explored and does not delay delivery of the other Workstream objectives.  | Programme Director commentary<br>The immediate strategic priorities for the Trust for 2016/17 were agreed by the Board of Directors in February<br>University Hospitals NHS Trust. These priorities have been communicated via Team Brief to all clinical leaders:<br>Quality through Merger for staff and managers is circulated weekly. The vast majority of actions remain on tra<br>in each Division. We have one appointment to conclude before this action is completed. We are working with<br>area. Throughout the confirm and challenge process this month it became clear that a small number of actions<br>Although these actions remain within the Workstream Programmes they have been shaded grey.  |
| Governance               | Paul Moore                   | G       | 4      | -       | -      | 18       | 29                | -      | All actions discussed with owners and updates logged in QIP;<br>BRAG ratings agreed with Programme Director & Improvement Director;<br>All actions are GREEN.<br>The Improvement Director and the Workstream Executive Lead have agreed that 2.4.1 has two distinct actions, and this has now been amended to demonstrate two clear<br>actions (2.4.1 and 2.4.2).<br>There are 3 risks identified which have been raised with the Programme Director, full details can be seen in the Workstream overview report.<br>Overall Workstream rating GREEN as the red action does not lead me to believe that delivery of the Workstream objectives should be delayed/compromised, and the advanced<br>state of completion and number of BLUE (BLUE/GREEN)actions suggest good progress is being made toward delivery of the objectives.  | A series of 'Governance Masterclasses' continue to be delivered and these have been well attended to date. Fu<br>strengthening of the Governance teams both centrally and at Divisional level. The suite of formats for reporting<br>continue to track and monitor compliance with Duty of candour. The Trust regularly meets with Health Educati<br>concerns raised. The Junior Doctor Forums are now well-established with good attendance. AQuA Patient safe<br>are on track with embedded dates expedited where possible.   |
| Recruitment & Retention  | Julie Bacon                  | G       | 4      | -       | -      | 10       |                   |        | Workstream continues to make steady progression across the actions.<br>BRAG rating agreed with Programme Director & Improvement Director;<br>11 actions are complete (73%); 4 BLUES embedded, no AMBER. Previous RED re 1 EPLS trained nurse per shift on children's ward / department now completed therefore<br>changed to green with Programme Director and Improvement Director approval; assured rotas reworked in April to be compliant from 26.4.16 to 03.07.16, plus contingency<br>plan to cover for unplanned absences. Health Roster rule set to ensure future rota coverage. Additional external EPLS training being explored with LTP to ensure staffs trainin<br>is up to date and increases EPLS trained numbers per rota. ED have more than 1 EPLS trained nurse per shift and MIU confirmed 2/2/16 one PILS/EPLS trained nurse per shift,<br>plus Drs 24/7 are EPLS trained. All medical job plans developed; next step is sign off. Other workstream actions to timescale, therefore the overall Workstream rating is GREEN | shift by shift basis.   |
| Personalised Care        | Suzanne Banks                | G       | 6      | 3       | -      | 17       | 4                 |        | All actions discussed with action owners at regular meetings with the Chief Nurse;<br>BRAG ratings agreed with overall GREEN with Programme Director & Improvement Director<br>No Amber<br>There are two actions out of the possible 3 for 4.4.1 rated Red - see Workstream overview report<br>There are two actions rated as RED 4.4.4 and 4.4.5 - see Workstream report . Hampshire undertaking review 11th/12th May 2016 and will inform way forward to<br>progress workstreams<br>All other actions making steady progress and remain on track to deliver.  | The Trust continues to roll out the 'Proud to Care' programme. The Ward Accreditation Programme was pilotet<br>framework accordingly. Audits were completed in March to identify, acknowledge and remedy potential ligatu<br>further explore the safety of high risk clinical environment. The Trust commissioned an independent peer revie<br>effective safeguarding service. As a result, changes have been implemented to support and develop the effect<br>Hampshire Hospitals NHS Foundation Trust to review the provision of End of Life Care; and advise the Chief Nu<br>of Life Care. This is in addition to the support provided by Nottingham University Hospitals NHS Trust.   |
| Safety Culture           | Andy Haynes                  | G       | 14     | 2       |        | 36       | 23                | -      | I have discussed all actions with Workstream leads. BRAG ratings agreed with Programme Director & Improvement Director.<br>There are currently two actions recorded as RED. The RED actions are the appointment of Clinical Lead; the appointment of the Divisional Clinical Governance Leads for<br>Emergency and Urgent Care, and the extension of Critical Care Outreach (CCOT) support to give access until 02.00am. It was agreed at the Quality Improvement Board that a<br>benchmarking exercise would be undertaken with local DGH's to understand their CCOT operational hours and report in May 2016, which has been completed and the Nurse<br>Consultant is to undertake an analysis of the workload from 20.00 to 08.00 hours.<br>Overall, this workstream remains GREEN as the Executive Lead is confident on the delivery of the actions.  | We have now identified the appropriate individuals to form our 'Safety Culture' team and we are in discussion<br>provide further support. The AQuA Plan is now in place with funding secured for the first 12 months of the pro<br>for Sepsis and appropriate antibiotic administration for Severe Sepsis. Excellent progress has been made specif<br>our inpatient areas. Weekly audits are carried out in all inpatient areas, including Newark and Mansfield Comm<br>the weekly submission to CQC. Although 3 of the 5 Divisional Governance Leads have been appointed and are<br>Leads for the Emergency and Urgent Care and Specialty Medicine Divisions. Nottingham University Hospitals Ni<br>service to 2am daily, however, gaps in the rotas caused by sickness/absence and difficult market conditions for<br>planned. It is vital to ensure at all times a safe and sustainable rota. Whilst we endeavour to extend this servic<br>on this. We have applied a sharper focus to the delivery of assurance relating to utilisation of resuscitation troi   |
| Timely Access            | Jon Scott                    | G       | 14     | -       | -      | 9        | 17                | 1      | There continues to be progress made against the one outstanding red item in the Timely Access Workstream. It is proposed that this action is submitted for consideration to change the status to embedded. There has been a significant improvement in the reconciliation process for OP appointments. The Workstream will present a further three actions for consideration to 'embed' at the QIB. If accepted the Workstream only has 9 actions left to 'embed'. The Workstream is now developing its own process of assurance that those actions which turned 'blue' earlier in the lifecycle of the QIP are still embedded.   | Work has been undertaken within the Emergency Department to improve handover times and turnaround time<br>performance for inter-facility transfers. Improved signage has been put up in the Emergency Department to aid<br>v recommendations from the Intensive Support Team in relation to the management of our 18 week performance<br>and the support of the management of our support and the management of our support and the management of our support and the support and the management of our support and the support and the management of our support and the support and the management of our support and the support |
| Mandatory Training       | Julie Bacon                  | G       | 1      | -       | -      | 5        |                   |        | Workstream group continues to make steady progress with the actions.<br>BRAG ratings agreed with Programme Director & Improvement Director;<br>5 actions complete (83%); no RED or AMBER actions. One BLUE to be presented to QIP for approval. Deferment of incremental pay progression review process and guidance i<br>developed. Quality and patient safety focussed mandatory training posters distributed for display; 12 months of pop-ups scheduled to reinforce compliance. All actions on<br>track to deliver to timescales therefore Workstream rating is GREEN.   | We continue to deliver all actions in respect of Mandatory Training.  |
| Staff Engagement         | Peter Herring                | G       | 2      | -       | -      | 9        | -                 | - 1    | Workstream making steady progress with actions and remain on track with target completion dates.<br>BRAG ratings agreed with Programme Director & Improvement Director<br>9 actions completed (75%); 2 BLUES to be presented at QIB for approval; no AMBER and 1 RED action re staff suggestion scheme; to refresh the intranet site with process and<br>empower staff to take forward quality / service improvements with their Ward / Dept Manager. Agreed with Programme Director and Improvement Director this action is<br>stayed as will be superseded by LTP; staff suggestion scheme to be confirmed once merged. Overall Workstream rating is GREEN as the red action does not delay delivery of<br>the other Workstream objectives.   | All actions are on plan to deliver. A revised Staff Engagement Strategyhas been agreed by the Staff Engagement  |
| Maternity                | Andy Haynes                  | G       | 4      | -       | -      | 19       | -                 | -      | I have discussed all actions with Workstream lead and action owners;<br>BRAG ratings agreed with Programme Director & Improvement Director;<br>23 actions now complete or embedded (100%);<br>3 actions are due to be embedded this month;<br>Overall Workstream rating is GREEN as I believe that delivery of the Workstream objectives should be on track.  | We continue to deliver all actions as planned.  |
| Newark                   | Peter Wozencroft             | G       | 2      | -       | •      | 8        | -                 |        | Actions continue to progress towards the development of a Newark Strategy, to be completed June 2016  | The Trust is engaging with local stakeholders to consult on the services that will be delivered and good progres  |
|                          |                              |         | 56     | 5       | 0      | 146      | 73                | 7      |   |   |

ruary 2016 within the context of the Long-term Partnership with Nottingham aders and managers and for wider cascade to all staff. A new style bulletin - ' on track, the exception being appointment to Divisional Clinical Governance Leads with Nottingham University Hospitals NHS Trust to support our activities in this ictions have been superceded by the Long-term Partnership arrangements.

ate. Further progress has been made with regards to the alignment and oorting risk has been agreed by the Trust Risk Management Committee and we ducation East Midlands (HEEM) and has plans in place to manage issues and tt safety Interventions are planned for the Emergency Department. All milestones

the electronic recruitment system. Training for managers was delivered w starters have been developed. The Trust concluded the work to ensure ts to ensure that at least one nurse in each clinical area within the Children's and demands on the service during March resulted in the postponement of planned need, and we also plan to modify eroster to provide the necessary skill mix on a

piloted in March. We are currently evaluating the feedback and developing the l ligature points in high-risk clinical areas. Action plans have been agreed to er review of paediatric services to challenge the Trust capacity to provide an effectiveness of the safeguarding team. The Trust is working closely with isef Nurse on the suitability of current training programmes and standards for End

ussion with Nottingham University Hospitals NHS Trust to see where they could the programme. Good progress continues to be made with regards to the screening e specifically in our emergency and acute admitting areas with our focus turning to I Community Hospitals and are reported to the Sepsis Task Force for inclusion in d are now in post a risk remains around the appointment of suitable Governance bitals NHS Trust are providing support. The Trust appires to extend the CCOT ions for recruitment have challenged our ability to deliver an extended service as s service, we can only achieve this when it is safe to do so. We continue to work ion trolleys. We anticipate this action to conclude shortly.

d times for ambulances in addition to completing the action to improve to aid patients in navigating their way around. The Trust is implementing all mance.

ment Group in view of the new Long-term Partnership arrangements.

ogress is being made.
