Planning Application: 3/19/00100/CMM
Location: Cromwell North Quarry, Land Between Carlton on Trent and Cromwell, Newark
Proposal: Proposed extraction of 1.8 million tonnes of sand and gravel together with the erection of mineral processing plant and associated ancillary infrastructure. the provision of a new access, and the progressive restoration of the site to nature conservation over a period of 9 years.
Current Progress: A request for the submission of supplementary environmental information was made under Reg. 25 of the EIA Regs in May 2019. This request for information covered air quality, transport, access, quarry dewatering, floodlighting, landscaping, ecology, noise, protection of River Trent, contaminated land and archaeology. The planning application raises key planning issues in respect of need and mineral supply within Nottingham. The applicant initially delayed their response to the Reg 25 request to allow decisions to be made regarding site allocations as part of the review/examination of the Replacement Minerals Local Plan. The Cromwell North site has not been allocated
