Key for Status

On Target	Successful delivery of the project to time, cost and quality is achievable and there are no major outstanding issues at this stage that threaten delivery
Experiencing Obstacles	Successful delivery is probable, however, there are minor issues which need resolving to ensure they do not materialise into major issues threatening delivery
At Risk	Based on available evidence, successful delivery still appears feasible but significant issues exist with scope, timescales, cost, assumptions and/or benefits. Issues appear resolvable, but action is required
Compromised	Based on available evidence, successful delivery of the project appears to be at significant risk. There are major issues with project scope, timescales, cost, assumptions and/or benefits. Immediate action required to resolve issues.
Completed	Project benefits have been achieved, or there has been an official change to the benefits profile (through change control) so the project is complete or declared undeliverable
No Status	Awaiting major points of clarification / decision-making to enable PID and plan to be completed
