WRITTEN QUESTION UNDER PROCEDURE RULE 36

QUESTION TO THE CHAIRMAN OF THE PUBLIC HEALTH COMMITTEE

In view of the concern locally that during one recent week only 75% of those attending the Accident & Emergency Unit at the Queen's Medical Centre were seen within four hours, would the Chairman of the Public Health Committee make enquiries as to whether any analysis of such attendances is available, and if so, obtain and publish this data (for the most convenient dates)?

This information would be useful in order to inform Members and allow further consideration of what practical measures might be deliverable to reduce such unacceptable levels of pressure on the service.

Councillor Martin Suthers
