to be reported to a stand-alone committee on 5 th October 2016	1/15/01498/CDI	Land off Springs Road, Misson	To develop a hydrocarbon wellsite and drill up to two exploratory hydrocarbon wells (one vertically and one horizontally) by use of a drilling rig together with associated ancillary works. The proposed development will be carried out in four phases: Phase 1 - Wellsite construction; Phase 2 - Drilling of up to two exploratory wells for hydrocarbons including potential shale gas (the first one vertical and the second one horizontal); Phase 3 - Suspension of wells and assessment of drilling results; Phase 4 - Site decommissioning, well abandonment and restoration.

Planning Applications currently being considered by NCC which currently have not been timetabled to a committee meeting.

Planning App: ES/3524
 Location: Land off A634, Between Blyth and Barnby Moor, Near Retford.

Development: The exploratory well would be a vertical multi-core well to target the Bowland Shale and Millstone Grit geological formations to assist with the assessment of the shale gas basin in the area. In addition, three sets (with each set containing up to 3 boreholes) of monitoring boreholes would be installed to sample and monitor groundwater and ground gas during the drilling of the exploration well. The proposed development would involve permission for the security cabins already on the site, together with the construction work associated with the development of the well site, the drilling (using a drill rig of a maximum height of 60m) and evaluation of the well and monitoring boreholes and then the decommissioning and restoration of the site back to agricultural use. The development would be for a proposed three year period.

Planning App: 5/13/00070/CM
Location: Shilo Park, Shilo Way, Cossall
Development: Change of use to waste timber recycling centre including the demolition of existing building and construction of new buildings.

Planning App: V/3557
Location: East Leake Quarry, Rempstone Road, East Leake
Proposal: Variation of conditions 4 and 5 of planning permission 8/11/00157 to extend the duration of extraction until 31/12/2016 and restoration until 31/12/2017 and amend the phasing details
