REPORT OF THE CORPORATE DIRECTOR OF PLACE

UPDATE ON THE WORK OF THE COMMUNITY AND VOLUNTARY SECTOR TEAM

Purpose of the Report

1. To update members of the Grant Aid Sub-Committee on the work of the Community and Voluntary Sector Team and to approve Grant Aid to three 3 Community & Voluntary Sector Groups providing support to victims of Sexual Abuse.

Information and Advice

2. The priorities of the team have been identified as working in partnership with the voluntary and community sector:
 - to improve preventative and core services that help strengthen the local community;
 - to streamline the corporate grant aid process and
 - to promote localism by working with communities to increase community involvement in the way services are shaped and delivered.
3. A key strategic priority for the Council is to ensure that Nottinghamshire has strong communities that are safe and thriving. The reality of the challenges faced means that the Council of the future will be different in the way it is shaped, organised and how services are delivered. The Council is committed to working in partnership with local communities, voluntary groups and volunteers to provide services.
4. Work being undertaken by the team seeks to support ways to develop and strengthen engagement with communities, moving towards a changed landscape of local services with new and innovative models being implemented. The contribution made to improving public services and well-being in Nottinghamshire by communities and the voluntary sector is recognised and supported through both an extensive grant aid programme and direct hands-on support from Community Officers.
5. Over recent years economic circumstances have drastically changed how organisations are funded with the result that only well organised third sector groups can thrive and provide a valuable contribution to the local community. Only by being robustly established and equipped to respond to new challenges can the wealth of voluntary sector organisations across the County maximise the positive impact that they have on local communities.
6. Through the support of the team and the match funding benefits accrued by County Council grants around £1 million of additional funds have been secured by the sector in the past 18 months.

Working with Communities

7. The work of the Community and Voluntary Sector Team underpins the Council's commitment to building on its reputation of working in partnership with the community and voluntary sector to help build local capacity. The range and scope of activities which members and officers are involved in seek to help to drive programmes with communities to deliver local solutions and move towards providing services in a different way.
8. The Council has several important roles to play in supporting communities to:
 - Build a strong sense of community, capacity and pride through collaborative partnerships.
 - Engage in the planning and delivery of services.
 - Generate and sustain their own capacity to respond to the challenges which Nottinghamshire faces.
9. Building confident and stronger communities is especially important within the current climate and the Team has been working with different communities across Nottinghamshire to help support local activities. These activities bring individuals together to celebrate the uniqueness of localities by helping to encourage and empower communities to take ownership and pride in the places they live and the people they live with. Examples of this include:

Hawtonville Community

10. Working with Newark & Sherwood District Council to support activity resulting from findings of Neighbourhood Study, the study amongst other things identified a need for community development. Our role includes help to:-
 - Facilitate delivery of the wider priorities identified in the consultation process.
 - Identify local leaders who can contribute to a community orientated body
 - Support / help create a community orientated body to deliver activities
 - Support the management of Hawtonville Community Centre within an agreed framework and target
 - Raise revenue so that provision can be developed

Haven Centre – Stapleford

11. A former County Council primary school has been utilised by the Haven Church for the past 18 months – delivering a wide range of community services which includes:

12. The CVS Team have been working with the Haven Centre and colleagues from NCC Property on a long term arrangement to maintain the community benefits and realise the value of the capital asset for the Council. Work is progressing well and it is hoped that a solution will be considered by the May 2016 Finance & Property Committee.

Bellamy Estate

13. The CVS Team with partners have worked with Severn Trent Water to install 2 large sewerage rings on either side of the locked bollard that were sited on the Old Newark Road area in order to reduce fly tipping that was happening on a regular basis. The locked bollard has since been rammed and snapped so these fly tippers are quite determined to continue using the site to dump rubbish.
14. The intention is to speak with Severn Trent again to see if they might be able to put a third ring in place to prevent further incidents.

Oak Tree Estate

15. The Fire Service have been working very closely with the Infant School with firefighters supporting the literacy sessions at the school. This is a way of making the children aware of what the Fire Service do and how important it is not to play with matches etc. The partnership group plans to extend this approach and invite the Police and District Council Warden Services to join the initiative. The aim is to have a positive effect on the children where rapport and trust will be built, hopefully reducing anti-social behaviour on the estate.

Coddington Village Hall

16. The local community are looking to refurbish and develop the Memorial Hall, Cllr Dobson asked if there was any help the CVS Team could provide. Details of seven potential grant funding organisations have been provided and the offer of help to submit applications has been made.

Commemoration event - Battle of the Somme.

17. 2016 marks the centenary of the Battle of the Somme. The commemoration is being led by the Department for Culture, Media and Sport on behalf of the UK Government in partnership with the Commonwealth War Graves Commission and the Royal British Legion to build a programme of events which reflect the significance of the First World War Somme campaign.
18. The Somme was one of the bloodiest battles of the First World War, resulting in over one million casualties. There will be a range of events taking place in the UK and France to mark the centenary period, for which more information will be available in due course. The CVS Team are working on a commemoration event to be held at County Hall on 1 July 2016.

Promoting Community Cohesion

Manton Estate

Netherfield Forum Events

20. Through the Community & Voluntary Sector Team, the Council is working with the voluntary and community sector to engage them in the planning and delivery of services by helping to build capacity and confidence to drive improvements in quality of life, influence decisions which affect them and consider their role in the delivery of services. This includes:
21. Working with the Netherfield Forum the team are supporting two community events provisionally titled "Our Community".
- Saturday 14 May – Loco Youth "Our Community" Open Day
 - Saturday 16 July – St George's Centre "Our Community" Open Day
22. The purpose the events engage the diversity of the local community and help develop a stronger sense of community for everyone. Planning is underway to develop activities that encourage the sharing of experiences incorporating cultural exchanges, language, food, and music. This in turn will strengthen community relations, highlight positive actions and promote social cohesion alongside reducing mistrust and anti-social behaviour.

Community Empowerment & Resilience Programme (CERP)

23. Members will be aware that a key part of the CERP was taking forward the findings from the State of the Sector Report produced by Sheffield Hallam University in October 2015. Four events have been held with a combined audience of 300 participants. The key areas for development have been identified:-
- Coordinating the Sector Voice
 - Enabling Social Action
 - Sector Solutions to the Volunteering Gap
 - Understanding & Mastering Commissioning Success
24. The next steps include establishment of cross sector working groups to develop action plans and establish measures of success.

Grants to VCS Groups Supporting Victims of Sexual Abuse

25. The Crime Survey of England and Wales reports that Sexual Abuse is experienced by 19.1% of women and 2.7% of men during the course of their lives, the recent high profile cases of historic child abuse has led to an increased demand for services from third sector organisations that provide a range of support services for victims.
26. For a number of years the County Council either through the grant aid programme or more recently through Public Health budgets has provided funding to three organisations in the county to support victims of sexual abuse and sexual violence.
