

Purpose

1. This report provides Members with an introduction to the financial pressures facing services in Adult Social Care and Health.

Information

2. At previous meetings of the Health and Wellbeing Standing Committee Members have proposed that the Committee should consider the financial pressures facing services in Adult Social Care and Health.
3. Members have raised two particular areas of interest:
 - How additional funding is to be invested and the improvement expected
 - How services and performance may be affected by financial pressures.
4. Representatives from Adult Social Care and Health have been invited to the meeting to provide an introduction to this subject.

Recommendation

5. It is recommended that the Health & Wellbeing committee:
 - consider and ask questions about the information provided
 - identify any specific item about which they would like additional information
