#### *Minerals*

- 2.2 Following completion of several stages of consultation, including an Issues and Options stage and consultation on a Draft Minerals Plan document, the County Council approved the Plan for formal publication at its meeting on 11 July 2019 and it was published for representations in September/October 2019.
- 2.3 The Plan has now been submitted for examination along with the required documentation and supporting evidence. The Council is awaiting confirmation of the Inspector and Hearing period. A verbal update will be made to the Committee.

#### *Waste*

- 2.5 The consultation also includes consultation with statutory bodies on the scope of Sustainability Appraisal for the Plan and also a "Call for Sites" to help establish if operators wish the Councils to consider making specific site allocations for waste management.

- 2.6 The results of the consultation will be reported and discussed by the Joint Councillor working group which the Joint Committee has established, and a draft Joint Waste Plan will be developed with proposed policy wording during 2020.
