1. MINUTES OF LAST MEETING HELD ON 21 MARCH 2019

The minutes of the meeting held on 21 March 2019 having been circulated to all Members, were taken as read and were signed by the Chairman.

2. APOLOGIES FOR ABSENCE

Councillor Creamer replaced Councillor Henry for this meeting only.

Councillor Pringle replaced Councillor Plant for this meeting only.

Councillor Saddington replaced Councillor Vickers for this meeting only.

3. DECLARATIONS OF INTEREST

None.

4. ROAD SAFETY

The Chair reminded the Committee that a separate detailed cross-party review of safety outside schools had been conducted and its recommendations had been approved by Policy Committee.

The Committee considered a report and received a detailed presentation on the ambitious and multidisciplinary approach being adopted to reduce road casualties. Central to this was the '4 E's Principle', namely Education – lifelong learning for all groups, Enforcement, Engineering – casualty reduction schemes and safety audits, and Evaluation – monitoring measures undertaken and evidencing future effectiveness.

RESOLVED 2019/05

That the topics presented were considered, with further consideration of road safety to take place at the Committee's July 2019 meeting.

5. WORK PROGRAMME

RESOLVED 2019/06

That the Committee's work programme be agreed.

The meeting concluded at 12:35 pm

Chairman

18 July 2019**Agenda Item: 6****REPORT OF CORPORATE DIRECTOR, PLACE****ROAD SAFETY TWO****Purpose of the Report**

1. To update Members' on the current approach taken to road safety and to seek Members' input regarding the proposed developments in road safety for the future.

Information

2. At the first meeting of the Committee to review road safety on 23rd May, 2019, the Committee asked for several areas to receive further investigation to assist with the safety of the network and road users. These included the wider use of the camera car and Councillor and school engagement to highlight areas of need, exploring the use of Red Line Routes to keep key areas clear of traffic, developing links with the community to strengthen speed awareness and cycle training, and to develop an educational package to assist with child scooter safety. A review of all of these suggestions is ongoing and will be reported back in due course with further information presented at this meeting.
3. Following the overview of Road Safety at the first meeting, the presentations covered both explanation of strategy and the casualty led road safety approach. In terms of casualty led initiatives there was a commitment to further develop cycle training, continue to expand older road user education and support adopting safer practice relating to Occupational Road Risk. The expansion of pre-driver interventions to encompass looked after children, on-going targeting of powered two wheelers and transition (11 to 16 years) were also key areas of focus.
4. Over the last 10 years Nottinghamshire has been working towards a 40% reduction in the number of people killed or seriously injured and a 40% reduction in the number of children killed or seriously injured. As 2020 approaches, it will be necessary to determine the casualty reduction vision for the authority beyond this date. A steer may be received from central government over the forthcoming year, or it may be a requirement of the local authority to set a goal and delivery action plan for the 10 year period from 2020 that will help meet the Council's strategic objectives relating to local transport and health.
5. A second presentation will be undertaken at the meeting to include suggestions made at the previous meeting, as outlined above. This will also include discussion of further casualty led initiatives.

Other Options Considered

6. Failure to target and address areas with known casualty problems through engineering, education or enforcement will result in more people being injured on Nottinghamshire's roads than if the proposed road safety work is undertaken.

Reason/s for Recommendation/s

7. The proposed road safety work will further enhance the safety of road users in Nottinghamshire to meet the County Council's strategic objectives.

Statutory and Policy Implications

8. This report has been compiled after consideration of implications in respect of crime and disorder, data protection and information governance finance, human resources, human rights, the NHS Constitution (public health services), the public sector equality duty, safeguarding of children and adults at risk, service users, smarter working, sustainability and the environment and where such implications are material they are described below. Appropriate consultation has been undertaken and advice sought on these issues as required.

Financial Implications

9. Funding via income or external funding sources will enable the delivery of a larger programme of road safety education.

Public Sector Equality Duty implications

10. All proposals referred to within this report comply with the Public Sector Equality Duty. An equality impact assessment was undertaken on the Nottinghamshire Local Transport Plan 2011/12-2025/26 (which includes road safety strategy) in March 2011 to ensure that the strategy met the duty.

Equality impact assessment of individual programmes are also undertaken by project managers where necessary to ensure that they comply with the Public Sector Equality Duty, based on advice from the policy and equality officers. Such assessments include those undertaken on the Safer Roads Fund Bid (undertaken in April 2017).

RECOMMENDATION/S

1. It is recommended that Members consider how they wish to monitor the actions / issues contained within this report and whether there are any actions they require in relation to the topics presented.

REPORT OF SERVICE DIRECTOR, GOVERNANCE AND EMPLOYEES WORK PROGRAMME

Purpose of the Report

1. To consider the Committee's work programme for the period up to March 2020.

Information

2. The County Council requires each committee to maintain a work programme. The work programme will assist the management of the committee's agenda, the scheduling of the committee's business and forward planning. The work programme will be updated and reviewed at each pre-agenda meeting and committee meeting. Any member of the committee is able to suggest items for possible inclusion.
3. The attached work programme has been drafted in consultation with the Chairman and Vice-Chairman, and includes items which can be anticipated at the present time. Other items will be added to the programme as they are identified.
4. As part of the transparency introduced by the new committee arrangements, each committee is expected to review day to day operational decisions made by officers using their delegated powers. The Committee may wish to commission periodic reports on such decisions where relevant.

Other Options Considered

5. None.

Reason/s for Recommendation/s

6. To assist the committee in preparing its work programme.

Statutory and Policy Implications

7. This report has been compiled after consideration of implications in respect of finance, public sector equality duty, human resources, crime and disorder, human rights, the safeguarding of children, sustainability and the environment and those using the service and where such

implications are material they are described below. Appropriate consultation has been undertaken and advice sought on these issues as required.

RECOMMENDATION/S

- 1) That the Committee's work programme be agreed, and consideration be given to any changes which the Committee wishes to make.
