REPORT****Purpose of the Report**

To report to the Committee:

- a. Activity by the Council under the Regulation of Investigatory Powers Act 2000 (RIPA) for the period since the last update to Committee on 4 January 2023.
- b. Activity by the National Anti-Fraud Network (NAFN) on behalf of the Council under the Investigatory Powers Act 2016 (IPA) in respect of Communications data.
- c. An update on mandatory training for Officers.
- d. An update on compliance with the Investigatory Powers Commissioner's Office annual return submitted on 31 January 2023.

Information**Background**

2. The Regulation of Investigatory Powers Act 2000 (RIPA) gives the Council the power to undertake covert surveillance in relation to certain investigations. Since 2017 the Investigatory Powers Commissioner's Office (IPCO) has been responsible for the oversight of the use of RIPA.
3. There is a strict authorisation process set out in the legislation; applications are considered by senior officers before final approval is given by the Magistrates Court. The Council is required to submit an annual statistical return to the IPCO on the number of authorisations made and is subject to periodic inspections.
4. The Council is also able to obtain certain communications data (i.e. data about electronic communications) through the National Anti-Fraud Network (NAFN), an expert provider accredited by the IPCO and the Home Office. This process is carried out in accordance with the Investigatory Powers Act 2016 (IPA). NAFN submits the annual statistical return to the IPCO on the number of submissions made by it on behalf of the Council.
5. A programme of monitoring and review is set out in the Council's RIPA policy and guidance. Since 2017 annual reports are made to the Governance and Ethics Committee. Throughout the year quarterly reports of Trading Standards activity, which

includes use of RIPA, are made to the Cabinet Member for Communities and Public Health.

6. This is the sixth oversight report to Governance and Ethics Committee since November 2017. This report covers January 2023 to December 2023.

Annual Activity January 2023 to December 2023

7. There has been one new RIPA application and authorisation during this period. This was made by Trading Standards and related to the sale of illicit tobacco.
8. NAFN has confirmed that it has made one new application for communication data access for this period on behalf of the Council. This is currently on-going and relates to fraud.
9. Training and awareness raising activity has been undertaken as follows:
 - a. Refresher RIPA training was provided to the Council's Senior Responsible Officer (SRO) for RIPA (the Service Director for Customers, Governance and Employees); the Service Director for Place and Communities; the Group Manager for Trading Standards and Communities and the Service Director for Help, Protection and Care (formerly Service Director for Youth, Families and Social Work) in December 2023.
 - b. Trading Standards Officers accessed EM Law Share webinars in relation to RIPA in December 2023 and are in the process of securing additional external training for 2024.
 - c. Awareness raising for employees and staff will be undertaken imminently via Yammer and an article for publication on Team Talk will be submitted in January 2024.

Compliance with IPCO monitoring

10. The Council submitted its annual statistical return to the IPCO for the 2022 period on 31 January 2023. It will submit the annual statistical return to IPCO for the 2023 period by 31 January 2024.

Other Options Considered

11. None. Activity under the RIPA Policy requires reporting to Committee.

Reason/s for Recommendation/s

12. To ensure the Council is able to exercise its statutory powers in relation to RIPA (and for NAFN to make the relevant applications on its behalf in respect of communications data in relation to IPA) where it is necessary and proportionate to do so.

Statutory and Policy Implications

13. This report has been compiled after consideration of implications in respect of crime and disorder, data protection and information governance, finance, human resources,

human rights, the NHS Constitution (public health services), the public sector equality duty, safeguarding of children and adults at risk, service users, smarter working, sustainability and the environment and where such implications are material they are described below. Where appropriate consultation has been undertaken and advice sought on these issues as required

Crime and Disorder Implications

14. Use of surveillance can assist the Council in relation to the reduction of crime in Nottinghamshire.

Human Rights Implications

15. Every authorisation for surveillance requires consideration of human rights including the right to privacy and the right to a fair trial. The rights of people under surveillance need to be balanced against public safety and the prevention of crime. Every authorisation, therefore, has to clearly set out why the surveillance is considered necessary and proportionate in the circumstances.

RECOMMENDATION/S

- 1) That Committee notes the content of the report regarding activity over the past 12 month period.
