"That this Council:-

a) Notes that under Section 106 of the Town & Country Planning Act 1990, the Local Planning Authority can negotiate with and charge developers an amount of money they both agree as sufficient to mitigate the impact of a specific development;

b) Notes the Community Infrastructure Levy (CIL) regulations, which came into effect in April 2010, giving borough and district councils the option to charge developers for more general infrastructure improvements within that local authority area;

c) Expresses concern that Local Planning Authorities which opt to establish a Community Infrastructure Levy may prioritise the collection of CIL over the pursuit of Section 106 monies, because CIL is not negotiable and is paid up front;

d) Expresses concern that CIL regulations provide no mandatory arrangements to ensure that upper tier authorities such as Nottinghamshire County Council receive a share of the levy to fund the development of infrastructure, even if the boroughs and districts collect it for that reason;

e) Resolves to raise these concerns with appropriate ministers, expressing the view that the CIL regulations, which originate from the Planning Act 2008, betray a lack of understanding by successive Governments of the planning process in two-tier local government areas."
