

Landowner Declaration Register

This is maintained under Section 31A of the Highways Act 1980 and Section 15B(1) of the Commons Act 2006.

It comprises:

Landowner deposit under S.15A(1) of the Commons Act 2006

By depositing a statement, landowners can prevent their land being registered as a Town or Village Green, provided they make the deposit before there has been 20 years recreational use of the land as of right. A new statement must be deposited within 20 years.

Landowner deposit under S.31(6) of the Highways Act 1980

Highway statements and highway declarations allow landowners to prevent their land being recorded as a highway on [the definitive map](#) on the basis of presumed dedication (usually 20 years uninterrupted use). A highway statement or declaration must be followed by a further declaration within 20 years (or 10 years if lodged prior to 1 October 2013).
