

# where else to catch your bus in Hucknall town centre from 27 November

# Hucknall town centre

changes from 27 November

service	direction	town centre stops
141	Nottingham	B, C, D
141	Mansfield	E, F, G
8 AOT	Nottingham	D
8 AOT	Hucknall Estates	E, H
amberline	Eastwood/Derby	A, C, H
connect blue	tram stop/Welbeck Est	A, B
connect green	Hucknall Estates	E, H, I
the threes	Nottingham	B, C, D
the threes	Mansfield	E, F, G

As part of the improvement works four new bus stops will be created, two on the new road and two on the bus link. Because of this the Library and High Street stops will no longer be required after 27 November. Until this date, these two stops will remain, however the bus shelters will be relocated in early November.

# making Hucknall better

The Hucknall town centre improvement scheme aims to:

- reduce congestion
- create an attractive shopping centre
- attract new retailers, and
- promote the regeneration of Hucknall.

The High Street will be pedestrianised between Baker Street and Watnall Road. This will help to improve the shopping experience in the town by creating an attractive spacious centre boulevard with trees and benches.

The work will also include major improvements to public transport with a new bus link which will have large shelters with seating and real time displays.

Your new pedestrianised Hucknall town centre is due to be fully open in May 2017.
