

Energy and Carbon Management

Helpful, experienced and passionate about saving energy, we provide a comprehensive energy management service to schools, working to reduce the cost of energy, cut carbon emissions and ensure compliance with energy related legislation.

What we offer

- Our evergreen participation agreement allows schools to benefit from the Council's procurement arrangements for gas and electricity, without the worry of seeking out the best contracts each year. Our arrangement aims to secure consistently good prices and limit the impact of market volatility.
- Free energy surveys to identify energy saving opportunities.
- Assistance with finance to enable schools to install fast payback energy saving measures through interest free loans.
- Online access to energy consumption and billing data, which can be used to identify wasted energy and improve efficiency.
- A range of excellent resources to help schools save energy and involve students, including our twice yearly Carbon Copy newsletter.
- A value for money Display Energy Certificate service to ensure legal compliance and help monitor and communicate energy performance.

Our pledge

We are committed to helping schools reduce their energy consumption, cut their carbon emissions, meet their energy related legal requirements and access value for money energy supply contracts. Wherever possible we will assist schools to create awareness of energy related issues amongst staff and students.

Benefits to your school

- ▶ We can help protect your school against increasing energy costs and price volatility.
- ▶ We keep an eye on your billing to raise any concerns promptly, and can help resolve issues with suppliers.
- ▶ Our resources can provide opportunities to engage and involve students and staff in saving energy.
- ▶ Energy saving measures can bring additional benefits such as upgraded lighting, enhanced user comfort, improved heating controls and reduced maintenance costs.

Costs

Energy supplied through our contracts is subject to a small percentage mark-up. Schools pay for the provision of Display Energy Certificates (and associated Advisory Reports when due). In addition, a small management fee is charged against the provision of loans for energy efficiency measures; otherwise what we offer is free.

“ Following a visit from one of the Council’s energy management officer’s we discovered we could use the Council’s LAEF scheme to enhance a planned lighting refurbishment being carried out over the summer. Now we are enjoying much improved lighting levels and are looking forward to seeing reductions in our electricity bills. ”

Linda Azemia, Headteacher
Mornington Primary School
