

**Nottinghamshire
County Council**

STONE AGE Experience

A brand new outdoor activity at
Brackenhurst Environmental Education
Centre for KS2 classes on
Mondays, Wednesdays and Thursdays

**Bring your tribe of hunter gatherers back in time to
2000BC for a stimulating and hands-on day outdoors,
learning what life was like in prehistoric Britain.**

Your pupils will travel back in time to pre-historic Britain and as a tribe move into their new settlement. Dressed in costume, their first task will be to build shelters against the weather.

They will then explore a range of activities including:

- ▶ use tools to make a wooden pendant
- ▶ create a clay talisman to ward off evil spirits

- ▶ make an animal pen from natural materials to keep their animals safe at night
- ▶ practise cave painting skills on our 'cave wall' to create their own hunting story

- ▶ complete a woodland orienteering course, finding clues about what pre-historic people ate.
