

Nottinghamshire Safeguarding Adults Board

Strategic Plan

2015 – 2018

(Year Three Priorities – 2017-18)

Introduction

I am personally committed to working towards the vision of the Nottinghamshire Safeguarding Adults Board (NSAB) which is:

‘A county where all adults can live a life free from abuse or neglect.’

Our aim is to do this by working in partnership with the citizens of Nottinghamshire, along with statutory and non-statutory agencies, to deliver a joined-up service to those adults at most risk of abuse and neglect, across the county. We will do this by ensuring all partners work together and hold them to account, via Board members, where necessary.

We have already made significant progress but there is still much more that we can do.

We will consider the learning from national and local reviews such as Winterbourne View and Stafford Hospital to ensure that important lessons are learnt and mistakes are not repeated.

We know that over the next three years the Nottinghamshire Safeguarding Adults Board will face significant challenges, however, through my leadership and the commitment of the Board I am determined that we will overcome these.

This strategic plan puts service users and their carers at the heart of what we do. We will not only listen, but we will ensure citizens will have a real voice and are fully involved in all aspects of our safeguarding work. By doing so, it demonstrates our commitment to engage with service users and carers at both a strategic and operational level.

In the next three years, the Safeguarding Adults Board will:

1. Review, update and publish this strategic plan on an annual basis;
2. Be equipped to deliver this strategic plan;
3. Publish an annual report;
4. Conduct any safeguarding adults reviews in accordance with section 44 of the Care Act (2014)

The rest of this strategic plan outlines our work over the next three years, detailing what we will achieve to safeguard adults at risk, across Nottinghamshire.

Independent Chair
Nottinghamshire Safeguarding Adults Board

Principles

The work of Nottinghamshire Safeguarding Adults Board is underpinned by the six safeguarding principles as defined in the Care Act (2014):

Empowerment – Nottinghamshire citizens will be supported and encouraged to make their own decisions through informed consent.

Prevention – In Nottinghamshire we believe it is better to take action before harm occurs.

Proportionality – To safeguard the citizens of Nottinghamshire we will take the least intrusive response appropriate to the risk.

Protection – We will support and ensure representation for those in greatest need in Nottinghamshire.

Partnership – Solutions will come from agencies and citizens working together across Nottinghamshire, all having a part to play in preventing, detecting and reporting neglect and abuse.

Accountability – The work of the Board will be transparent and accountable to the citizens of Nottinghamshire.

Our Priorities for 2015 – 2018

NSAB, in consultation with its wider partnership, service users and their carers, the Safer Nottinghamshire Board and Healthwatch, have agreed the following three priority areas to enable it to work towards its aims and vision.

These are:

- **Prevention**
NSAB will develop preventative strategies that aim to reduce instances of abuse and neglect within Nottinghamshire.
- **Assurance**
NSAB will assure itself that all partners have appropriate arrangements in place to safeguard those adults most at risk in Nottinghamshire.
- **Making Safeguarding Personal (MSP)**
NSAB will develop and embed an approach to its work that is person led and outcome focused. We will engage the adult (or their representative) in a conversation about how best to respond to the safeguarding concern.

Implementation and Governance Arrangements

This strategic plan will be reviewed annually. An annual business plan will detail the key actions required to deliver the strategic plan, in line with our priorities for 2017-2018 listed below. The Board's sub groups will help us deliver the strategic plan and ensure citizens and partners can contribute to this.

What we will do in year three

Prevention

Identifying those most at risk

1. We will continue to analyse and develop management information, agreed in years one and two, to enable us to further identify those most at risk of abuse and neglect.

This work will be led by the Quality Assurance Sub Group.

Communication Strategy

1. We will continue to develop and launch awareness products in line with the three year communication strategy.
2. We will assess the impact of the communication strategy using the benchmarking undertaken in year two.

This work will be led by the Communications Sub Group.

Transitions

1. We will seek assurance that new transitions arrangements are effective and fit for purpose.

This work will be led by the Independent Chair

Assurance

Board Assurance

1. We will publish an annual report detailing what has been achieved and the contribution of each organisation.
2. We will assure ourselves that the Board's working arrangements continue to be efficient and effective.
3. We will ensure that Board is able to get assurance from partner agencies that their safeguarding arrangements are effective.
4. We will ensure that the Board is able to manage and mitigate relevant risks appropriately.

This work will be led by the Independent Chair, supported by the Quality Assurance Sub Group.

Safeguarding Practice Assurance

1. We will ensure that the Board's multi-agency safeguarding adults' procedures and guidance are effective and fit for purpose.
2. We will seek assurance from the local authority that their safeguarding quality assurance framework, developed in year two, is effective at improving practice.
3. We will continue to use management information to monitor trends and target support at staff across partner agencies, where required, to improve practice.

This work will be led by the Quality Assurance Sub Group.

Making Safeguarding Personal

Learning and Development

1. We will continue to implement the learning pathway within partner organisations and care providers.
2. We will prioritise key areas of learning, using analysis of data and lessons from case reviews locally and nationally.
3. We will continue to ensure that learning opportunities focus on a making safeguarding personal approach.

This work will be led by the Learning and Development Sub Group.
