

Dear

I am writing to you in reply to your Freedom of Information Act (FOIA) request to Nottinghamshire County Council. I have the following information.

Please provide a breakdown of the total amount of electricity consumed (in kWh) by your authority (for example, on local authority-owned buildings and services) for the year 2012 through to 2016 (or the most recently available five-year period).

Electricity consumption in kWh:

Year	Electricity	Gas
2013/14	118,725,384	91,704,160
2014/15	111,494,912	80,014,563
2015/16	96,097,664	68,573,989

Please provide a breakdown of the total expenditure (in GBP) on electricity used by your authority (for example, on local authority-owned buildings and services) for the year 2012 through to 2016 (or the most recently available five-year period).

Please provide a breakdown of the total expenditure (in GBP) on all energy used by your authority (for example, on local authority-owned buildings and services) for the year 2012 through to 2016 (or the most recently available five-year period).

Annual electricity spend (excludes schools)

Electricity for street lighting, signs and signals: £4m

NHH electricity: £0.9m

HH electricity: £0.85m.

Annual gas spend is approximately £0.6m.

Please provide the proportion of the public lighting in your authority that is LED-based? (Please provide as a percentage and, if possible, the total number of LED and non-LED lights across the authority).

Please provide the proportion of the public lighting in your authority that is connected LED lighting? By connected we mean lighting that is connected to allow features such as automated or remotely controlled adjustments to the lighting, data collection or integration with other systems in a building or town. (Please provide as a percentage and, if possible, the total number of connected LED lights across the authority).

The council is only responsible for lighting on public roads and therefore does not hold information on all public lighting. However, if you wish to receive this information, please let me know.

Please provide the proportion of the electricity consumed by your authority (for example, on local authority-owned buildings and services) that comes from renewable sources.

We don't procure any green tariff electricity – i.e. wholly from renewable energy sources.

If you have any queries or concerns then please contact me. Please remember to quote the reference number above in any future communications.

If you are unhappy with the service you have received in relation to your request and wish to make a complaint or request a review of our decision, you should write to the Team Manager, Complaints and Information Team, County Hall, West Bridgford, Nottingham, NG2 7QP or e-mail

complaints@nottscc.gov.uk.

Yours sincerely
