

**NCC-029876-17 Fire services additional**

Further to your Freedom of information request I have received further details that may be of some assistance to you, although essentially we don't currently hold any contracts with the fire services to deliver any adult social care related services for the financial year 2017/2018 and have not in the previous years.

However, Nottinghamshire Fire and Rescue Services (NFRS) do provide fire extinguisher maintenance and servicing for our services, and our Customer Service Centre, Adult Access Team, Multi-Agency Safeguarding Hub (MASH) and the Connect (prevention services) refer people to the Fire Service where there is a concern raised about hoarding behaviour and people who may be at greater risk of fire hazard. They will also carry out home safety checks. A representative from NFRS is based with the MASH one day per week to help to identify and protect those at greatest risk of fire who come to our attention as a result of a MASH (adult safeguarding) referral.

I hope this is of relevance to your request.

Kind Regards
