

Inspire Youth Arts

Inspire Youth Arts is a team with over 20 years' experience in designing, developing and delivering exciting and innovative arts projects with young people.

We use highly skilled professional artists and work across all art forms - music, dance, drama, visual arts, digital art, film and media.

What we offer

- We specialise in projects that engage and educate a diverse range of young people including those with SEND, talented and potential, hard to reach and those in challenging circumstances.
- We are also very experienced at arts event management, mounting small, medium and large scale youth arts showcases and awards evenings.

Benefits to your school

- ▶ Work we do can contribute to accreditation including GCSE, A Level, Duke of Edinburgh and Arts Award.
- ▶ We will work with young people and staff to plan and design a project that meets the needs of the students and the school. Projects can be delivered during curriculum time or after school.
