

**KEY**

-  Extent of route 11
-  Proposed cycle route/ shared route on footway
-  Proposed cycle route - signed only

**ROUTE 11 - SHELFORD ROAD**

- Existing situation**
- There are no existing formal cycling facilities.
  - Housing is currently under construction to the north east (Chase Farm development)
  - Carriageway width is 6.8m and the footway width varies between 2.4 and 2.7m.
  - Shelford Road is a bus route. It is a fairly quiet road with some steep sections and occasional cars parked half on the footway.

- Proposals**
- The intention is to provide a signed only route along Shelford Road which would link the proposed signed Route 5 along Digby Avenue to Arnold Lane, to the proposed shared use path through the new housing development to the future Gedling Access Road and to Gedling Country Park.
  - Directional signage would be erected.

- Constraints**
- Steep gradient in places.

Gentle gradient from Wollaton Avenue
