

NCC-032219-18 Ashfield District Council for Big Spring Clean

Dear Requester,

Further to your recent Freedom of Information request, please see below Nottinghamshire County Councils response;

1. Over and above the ADC local agreement with some skip companies, ADC also used flying skips, the contents of which I understand went to landfill and or recycling. So this will (I assume) have additional costs from NCC as you manage the landfill/recycling sites.
ADC have not made us aware of any additional waste that they sent from flying skips that NCC as Waste Disposal Authority (WDA) has picked up beyond that which we are bound to dispose of as WDA for them as Waste Collection Authority.

2. In addition, due to the static skips being over filled many times, this waste also had to be collected by ADC, cleared and I understand this was only sent to landfill.
ADC have not made us aware of any extra waste that they have not disposed of themselves.

3. There was also a free bulky waste collection provided for over 600 items. These will have also incurred costs for disposal by NCC at either landfill or recycling centres. (Bulky waste collections normally incur a charge which covers their disposal).
Bulky waste collections attract a charge made by the WCA under the Controlled Waste Regulations (2012) the charge only covers collection and the disposal charge is met by the WDA, therefore the WDA has not incurred any charge beyond which they have a statutory duty to meet.

We trust this resolves your enquiry, however should you have any further queries please do not hesitate to contact me directly on the details below.

Dear sir/madam

I would be grateful if I could be provided with details of any additional costs incurred at Nottinghamshire County Council (NCC) by the Ashfield District Council (ADC) Big Spring Clean. Or costs passed back to ADC by NCC.

1. Over and above the ADC local agreement with some skip companies, ADC also used flying skips, the contents of which I understand went to landfill and or recycling. So this will (I assume) have additional costs from NCC as you manage the landfill/recycling sites.

The relevant dates are from 15th May and June 2018.

Thanking you in advance
