Enquiry No.: 6053077	Service: Carriageway/Footway	Logged by: External to Confirm	Subject: Carriageway Damage	on: 18/05/2017 11:53	Classification: Report or Observation	Enquiry Ref: FS-CASE-52716102
Desc.: Road Damage - There is a road surface failure on this particular stretch of road. In-between Wilford Lane and Sandringham Avenue. What with the road surface getting worse and worse over time, it is causing the surface to break up and has caused upwards of 30 or so potholes just on this small stretch of road alone. Patch repairs would be beneficial in the short term, but due to the level of damage it really needs the whole road resurfacing properly. . Submitted by Advisor: Personal Information

Enquiry No.: 6052042 **Logged by:** External to Confirm **on:** 08/05/2017 12:24
Service: Carriageway/Footway **Subject:** Bus Shelter/Stop Damage **Classification:** Report or Observation **Enquiry Ref:** FS-CASE-51875355
Desc.: Bus Stop Electronic Display damage - This morning at bus stop RU0016 and 2 other stops on Wilford lane a message has appeared indicating that the bus stop is not in use and that intending passengers should use nearby temporary stops.

There is currently no reason for these stops not to be used and certainly no nearby temporary stops

Fortunately bus drivers are using common sense and ignoring the signs and still picking up and dropping off

- but who has arranged for these messages to appear and why? A reply by email would be appreciated

Service: Traffic Management **Subject:** Parking General **Classification:** Report or Observation **Enquiry Ref:** FS-CASE-51434988
Desc.: Parking issues - Personal Information across the road from West Bridgford school. Drivers are parking along both sides of the road and it is becoming a hazard as the customer is unable to pull in and out of his drive as his view is restricted. The customer thinks that the cars belong to sixth former's. The cars are blocking the pavement, the parking issues are worst during school hours. Customer thinks that this is dangerous and will cause a crash if not sorted.

School children are also going between the parked cars to cross the road leading to even more danger. Customer is curious as to whether it's legal to park on the pavements like this.

Desc.: Temporary sign issue - ***received at NCC CSC***

Road works at Loughborough Road / Chaworth Road:

Works have started to the new Toucan Crossing at Loughborough Rd / Chaworth Rd. The first thing done was the relocation of the bus stop from o/s 168 to o/s 162 (see attached photo).

Unfortunately it appears little regards has been given to bus users. There is a long standing surface water issue at this location which has not been addressed prior to the bus stop works. As a result, it is next to imposs ble to catch a bus here without getting drenched by passing cars.

Please could someone explain the plan for this issue and explain why the bus stop has been moved (during winter!) without this being addressed first. . Submitted by Advisor: ^{Personal Information}

Service: Carriageway/Footway **Subject:** St Furn/Non Illum Sign Damage **Classification:** Report or Observation **Enquiry Ref:** FS-CASE-13363763
Desc.: Street/road sign damage - Opposite number 40 Loughborough Road that is ineffective and misleading road sign. It is on the boundary of a double yellow line and single yellow line. Because it only says what the restrictions are on the double yellow line which the traffic warden then assumes the length of the road is the same. Many enforcement officers are giving tickets to all cars along this section of the road when the sign is stating that you can park. Can these be looked at to make things a lot clearer for people who are parking here and for traffic wardens also.

Personal Information

[REDACTED] To: "enquiries@nottscc.gov.uk" enquiries@nottscc.gov.ukcc: "Noreply.Enquiries@nottscc.gov.uk" Noreply.Enquiries@nottscc.gov.ukFW: A52 - Nottingham Knight Roundabout - Framework Knitters Museum -SIZE - Brown Tourism sign (HS Ref 91397)
Dear Sir/Madam,

Copied below is an email regarding a brown tourism sign erected on the A52 Nottingham Knight Roundabout as per photographs below directing traffic to Framework Knitters Museum. The Framework Knitters Museum the sign has the following dimensions:

- 1 x 2090mm x 580mm signplate
- 4 x clips on x 2 x 114mm post

Highways England believe that the sign may have been erected by Nottinghamshire County Council and should be removed as it does not comply with the requirements on the policy of signing visitor attractions from the trunk road network.

Please can you make arrangements for the sign to be removed or advise if this was not Nottinghamshire County Council that erected the sign.

Regards,

Service: Trees/Verges **Subject:** Overhanging Vegetation/Trees **Classification:** Report or Observation **Enquiry Ref:** 103900557
Desc.: There are a number of issues on Wilford Hill Loughborough Road that effect public safety.
 1. Overgrown hedge between the end of the Bridle path and Boundary road. This is forcing pedestrians towards the A60.
 2. Next to end of the Bridle Path. There is a large overgrown bush that is now restricting the pavement. NB The best solution would be for this bus to be removed to save the LA cutting back.
 3. Long hedge between house number 324 and 410. The side of the hedge A60 main road side is growing and restrictiing the pavement forcing pedestrians towards the kerb of the A60. Also some overhanging branches between 324 and 342 are now over the pavement and below head height.

 Good afternoon,
 I am fuming with the council for your lack of action this morning to the traffic light failure at trent bridge.
 I was saying all morning there going to be an accident here soon and they was because of your absolute failure to do anything.
 You put temporary lights up at 2pm to late then when an accident has already happened. You put our lives in danger today.
 Absolute failure by NCC.

Email received:

Dear sir

Please direct this email to the relevant section for action

I am researching the area to look at the road safety & traffic density with reference to the development of land adjacent to Beck Lane.

Please can you forward me accident figures and how seriousness along with traffic densities for the following roads in Ashfield and Mansfield under the freedom of information act?

Also how regular flooding on beck lane is being dealt with

Beck Lane
 Mansfield Road
 Skegby Lane
 Dalestorth Road
 Kings Mill Road East
 A617 leading to beck Lane
 Abbot Road

Regards

Personal Information

There is an issue with the traffic lights on Loughborough road, outside county hall in West Bridgford, when turning right (coming from the city direction) into county hall. The lights that allow the busses to go in the bus lane impact on the lights that allow you to turn right into county hall. This morning a car transporter was parked outside the car garage (as often happens) which then keeps triggering the bus lane lights. For some reason this then stops the right turn arrow ever coming on. The bus lane lights had swapped back and forth to green several times with the lights that allow cars to go straight on,, but never allowed anyone to turn right. This then causes a huge traffic jam and people were actually going through on red in the end. On one hand - the car transporter should perhaps not be parked there. But it causes such huge issues during rush hour traffic, that I do not think the traffic lights are working effectively either. This needs looking into.

I have been given your details to contact regarding an event we are doing in September – I have attached some details.
It is a 9 mile walk through the city but entering the county over Trent Bridge and into the cricket ground.
We are aiming for about 200 people and will not be asking to close roads and using crossings along our route.
Could you let me know if there is anything you need from me or anything I need to submit to you please.
Kind regards

Dear Sirs,
We have been advised by Bassetlaw District Council to contact you regarding a query we have on the Local Search result.
Please see the attached relevant page. Please could you provide further information on what "CAVEAT - Bassetlaw District - Sept 5th 2003" entails.
We have attempted to call the number Bassetlaw DC provided a couple of times but have had to leave messages.
We look forward to hearing from you at your earliest convenience.

 Subject: State of A60

Dear Sirs,

I would like to bring to your attention the poor state of the A60 road through Bunny (especially out side the church entrance where the road has sunk) and the stretch through West Bridgford (between Nottingham Knight and Trent Bridge). I hope you will be able to take a look at these stretches and apply any remediation.

Kind regards,

Service: Trees/Verges	Subject: Overhanging Vegetation/Trees	Classification: Report or Observation
Desc.: This morning I wa ked down from 362 passed the end of Stanhome Drive and passed numbers down to 324. This Hawthorn Hedge is a problem plus overhanging trees. Some of the growth effects the visibility of the road traffic sign close by the telephone kiosk.		
Location: From 362 passed the end of Stanhome Drive and passed numbers down to 324	Contact:	
Enquiry No.: 37705	Logged by: Personal Information	on: 20/07/2015 13:45
Service: Trees/Verges	Subject: Overhanging Vegetation/Trees	Classification: Report or Observation
Desc.: COPY COUNS CALVERT AND WHEELER IN ON RESPONSE: This hedge is the responsibility of each House owner including the side alongside the Loughborough Road. This side of the hedge is being allowed to grow over the council owned grass verge and in some places there is less than half a metre of pavement for the safe passage of pedestrians. In the past house owners have received a statutory notice given them a time period to cut the hedge or the LA would cut it and charge them. Reference the Council owned grass verge. Although it is cut by the LA, it is unclear who owns that narrow stretch of land. In addition some of the trees the other side of that hedge have grown over the hedge and the pavement and in some places are less than two metres from the ground.		
Location: The long hedge from number 324 to 410, (separated by the top end of Stanhome Drive).	Contact:
