

## NCC-036443-18 strategic transport model tender

Dear Requester,

Further to your recent freedom of Information request. This is the response from our Procurement team:

The East Midlands Gateway Model was procured by Nottingham City Council on behalf of East Midlands Council. Nottinghamshire, Derbyshire and Derby City LTAs all contributed as did Midlands Connect and Highways England. Nottingham City Council managed the previous version of this model the Greater Nottingham Transport Model utilising Systra consultancy for development and model use. The contact at the City for this work is Steve Tough.

We trust this now resolves your enquiry, however should you have any further queries please do not hesitate to contact me directly on the details below.

Nottinghamshire County Council regularly publishes previous FOIR, s and answers on its website, under Disclosure logs. (See link)

Hello,

This is a Freedom of Information request, the subject matter is strategic transport model tender, which would be best answered within your Procurement team.

For the East Midlands Gateway Model delivered by Systra, please can you provide:

- The tender and specification documents, e.g. PQQ, ITT
- The successful bidders tender
- Assessor scoring and feedback
- Explain how the work was procured e.g. via a framework

Where documents contain commercially sensitive information, we are happy to receive redacted documents. I believe bidders would have highlighted this information as part of their submission.

I believe it is in the public interest for this information to be released as:

- Improve accountability and transparency of the use of public funds and help show the local authority obtained value for money.
- Contribute to public debate and assist the understanding of proposed projects.
- Disclosure will reduce further enquiries on this topic.
- Allow individuals to understand decisions affecting their lives

Thanks
