

## Freedom of information request NCC-036516-18

Thank you for your recent freedom of information request for the following information:

To obtain information that identifies all of the 20 mph speed limit zones in Nottinghamshire. This could be in the form of all of the traffic orders that were sealed relating to 20 mph zones. Alternatively, if there is a map (or several maps) that identify the roads in question this would equally suffice or even a list of street names within the 20 mph zones. I would also happily take a digital map such as a shape file with this data. I would also like any proposed 20 zones included in the request or those that have been sealed but not yet implemented.

Nottinghamshire County Council can confirm there are 12 sealed traffic orders relating to 20mph zones.

You may or may not be aware that Nottingham City Council may also hold some information on traffic orders, I have provided you with the following contact details

For information please find attached proposed scheme Shepherd Avenue 1212, you may also wish to view the following link which is updated for proposed new schemes

I trust this information is of assistance to you.
