

NCC-037268-19 Highway Asset Management

Good Afternoon

Please let me know if you require further information or this enquiry needs to be requested through a different route.

I do not require any paper documentation and electronic responses are fine. The survey has been designed to focus the answers for time and ease to fill in, however, I have attached a word document if it is easier to complete.

Regards

Dear Requester,

Further to your recent request for information please see below.

Highway Asset Management

*Thanking you in advance for completing this survey on the significance of **Highway** Asset Management and carriageway treatments. The answers will form part of a university project, which will develop into a dissertation.*

1. Does your council use an Asset Management Strategy/Plan?

Yes

No

Do not Know

What software does the council use?

2. Does your council apply for the incentive fund?

Yes

No

Do Not Know

3. If so, what Level did your council measure itself? Level 1, 2 or 3

2018/2019 **Band 3**

2017/2018 **Band 2**

2016/2017 **Band 2**

4. What percentage of funding goes to the following?

Thin Surfacing

Surface Dressing

Micro surfacing

Drainage

Street Lighting

Soft Landscaping

If treatments are not separated, Preventative

If treatments are not separated, Reactive

Other

Funding is allocated based on asset need not treatment and hence the treatment does not drive the allocation model. We can give a percentage breakdown on funding, but we need to know what funding you want including in the model i.e. capital, revenue, Maintenance only, ITM combined etc. Do you mean Planned rather than Preventative?

5. How important is an asset Management Strategy in your council?

Extremely important

Very important

Somewhat important

Not so important

Not at all important

Please give reason for your answer

6. Does your council use the challenge fund?

Yes

No

Do not know

7. Does any of your own council budget (Not from Central Government) Supplement the highway budget?

Yes – every year – Known as Revenue Funding

No – not at any time

Only when needed

Do not know

What percentage % of what?

8. What are the percentage on carriageway maintenance for:

Incentive Fund

Challenge Fund

Self Funding

You may be better looking at the DfT's website for this data nationally as this will give you the figure whereas % is a subjective answer based on what you want to include from the various funding streams.

9. What percentage does your council use for?

Preventative Treatments – **Of the DfT funding, 100% goes on Capital maintenance activities and these are termed Planned maintenance.**

Reactive Treatments – **This is revenue funding and 100% is spend on associated activities.**

Other

10. What Method of Treatment does your council think is important for asset management and why?

Thin Surfacing

Micro Surfacing

Surface Dressing

Preventative Treatment

Reactive Treatment

Please give a reason for your answer

All of the above and the whole array of treatments including structural patching, inlay resurfacing, overlay etc. These form part of the maintenance treatments utilised against the strategies detailed in the County Councils Highway Infrastructure Asset Management Plan (HIAMP)

<https://www.nottinghamshire.gov.uk/transport/roads/policy-strategy-documents>

We trust this now resolves your enquiry, however should you have any further queries please do not hesitate to contact me directly on the details below.

Nottinghamshire County Council regularly publishes previous FOIR,s and answers on its website, under Disclosure logs. (see link)

<http://site.nottinghamshire.gov.uk/thecouncil/democracy/freedom-of-information/disclosure-log/>

You can use the search facility using keywords.

If you are unhappy with the service you have received in relation to your request and wish to make a complaint or request a review of our decision, you should write to the Team Manager, Complaints and Information Team, County Hall, West Bridgford, Nottingham, NG2 7QP or email complaints@nottsc.gov.uk .

Kind Regards
