

NCC-037580-19 Neuro rehab adults

Dear Requester,

Please see below the statement provided by the specific team/s.

In older adults we do not specifically commission services termed neuro-rehab. Some of the services we do commission (care homes and home care) will be services that are used by people with some of the conditions classified as neurological, but we would be unable to identify them, and they may be using those services for other reasons.

We have a commissioner for older adults' services but not specifically neuro-rehab – and rehab is really a health service.

There are no *specialist* comm, solely funded by NCC, placements (3b) to my knowledge (again NHS may fund something but not for us to reply).

We trust this now resolves your enquiry, however should you have any further queries please do not hesitate to contact me directly on the details below.

Nottinghamshire County Council regularly publishes previous FOIR, s and answers on its website, under Disclosure logs. (see link)
