

Ncc-044954-20 Highways Inspection Records

Dear Requester,

Further to your further query please find attached a Street History report for Westdale Lane East (20/05/2019 to 20/05/2020) as detailed in the plan below (purple, area of interest circled red). This is a complete record of inspection, repairs and road openings on the Street Section.

Whilst we do have records of S81's being served in the area there is not one for this precise location.

Looking at the Customer Services record there is an enquiry logged 21/5/20 (6128302) which is titled Pavement obstruction. This is in the vicinity of the request and hence I have included associated Trace Form. This appears to relate to work for the Coop store and is associated with a STW. connection. Information on Trace Form - no action taken as a private matter and highway not affected.

I hope this information is of assistance to you.

We trust this now resolves your enquiry

Kind Regards
