

Freedom of information request NCC-048385-20

Thank you for your recent Freedom of information request for the following information:

The number of potholes that have been reported for the years: 2018-2019 and 2019-2020.

Whilst we will hold information in relation to the number of enquiries, we receive relating to potholes, the data won't accurately provide the number of potholes just the number of reports because many reports contain multiple locations. We have focused the information provided on potholes numbers, the following tables show the number of potholes raised i.e. a job was issued, and the number of potholes repaired. The variance in the figures is due to ad-hoc repairs undertaken by the teams whilst out on the network
