

NCC-048665-20 - Byelaws relating to UAV Flights

Dear Requester,

Further to your request for information under The Freedom of Information Act. Firstly please accept our apologies for the delay in providing the response. We have checked across relevant departments and can confirm that at this time we have no byelaws or policies regarding the use of on NCC owned land, we just relate to CAA guidelines for H&S. We can confirm that a policy is due to be published in the future by on a corporate drones policy, but we can confirm that this doesn't answer the FOI as our policy documents are about NCC using drones (on our land or on other people's).

"Dear Nottinghamshire County Council,

Can you please advise if you have any byelaws relating to the use off UAVs (Unmanned Aerial Vehicles) from your land, and if so can you please either provide a copy or the link to their location on a website.

If you do not have any byelaws, do you have any other policies relating to the use of UAVs on your land?

Can you finally advise if these have been reviewed in relation to CAP722C

published by the Civil Aviation Authority in December 2020."

We trust this now resolves your enquiry. Where we have not been able to provide details we expect that this information is not held by Nottinghamshire county Council at this time.

We suggest all requesters search under our publication scheme in advance of requesting information under the freedom of information act.

Nottinghamshire County Council regularly publishes previous FOIR, s and answers on its website, under Disclosure logs. (see link) <http://site.nottinghamshire.gov.uk/thecouncil/democracy/freedom-of-information/disclosure-log/>

You can use the search facility using keywords. i.e. care / home etc.
