Dear

Thank you for your request for information about road repair requests made by each of the sitting County Councillors for Bassetlaw from May 2017 to present.

I realise that this response is now being provided outside of the statutory timescale for provision of information requested under the Freedom of Information Act, and I apologise for this. I hope that the information remains relevant to you and that the delay has not caused you any difficulties.

We are now able to provide the following information in response to your request

The figures below have been collated from the County Councils Highway Asset Management system (HAMS) and this system holds information in relation to the management of the Highway Infrastructure. As part of this enquires are logged irrespective of the form of communication (letter, email, telephone call, web enquiry, social media etc) and this data has been used to provide the figures below.

We are aware that some County Councillors make enquiries and request through face-to-face/telephone contact with officers on behalf of residents and when this happens the data is sometimes entered into HAMS using the resident's information rather than the County Councillors. For this reason we cannot conclude that the following data is representative of **all** requests made by Councillors as it may not capture those requests which have been made by Councillors but logged in the residents name. Whilst we accept that the figures in the table below may not include all request made, they are the best available.

Councillor for the Electoral Division Of	Carriageway Damage	Carriageway Pothole	Footway Damage	Footway Pothole	Grand Total
Worksop West	2	5	2		9

I hope that you find this information to be helpful, however if you are unhappy with the way in which your request has been handled, then please email us at foi@nottsc.gov.uk quoting the reference NCC-049095-20 and we will be happy to review your request

With kind regards
