Dear Requester,

Further to your request for information under the freedom of information act, please see attached and below in response.

The Network Hierarchy forms the basis of the Highway Inspection & Risk Manual (HIRM) which is available online via the link below;

<https://www.nottinghamshire.gov.uk/media/1729316/highwayinspectionriskmanual.pdf>

Each part of the network is assigned a hierarchy which relates to its importance to transportation and usage.

Please find attached the Street History report attached for The Orchard, Sutton in Ashfield – USRN 1219072 from 0/01/2014 to 07/04/2021.

I note in the attachment that annual inspections were to be made on the footpaths and there is also mention of footway hierarchy can I please ask for copies of these inspection reports from 2014 to today. Can you also please explain the hierarchy?

We trust this now resolves your enquiry. Where we have not been able to provide details we expect that this information is not held by Nottinghamshire County Council at this time.
