

Dear Requester

I refer to your recent Freedom of Information request.

Would you happen to have any of the following information or know of where I could locate this information from: any accidents involving cyclists

If you hold this information would it be possible to include the date and time of the accident (as I'll be trying to work out if the accident happened in poor visibility/hours of darkness). Also, would it be possible to receive this information for the last 3 years?

The response is as detailed in the attached document. We have included additional fields which you might find useful. The coded fields are described in the Department for Transport document STATS20:

This is for all reported injury accidents involving pedal cycles in the Nottinghamshire Police area since 1/1/2017. At this moment, the last provisionally complete month is September 2020.

**ROAD TRAFFIC INJURY ACCIDENT RECORDS - DISCLAIMER**

*These details are a record of the personal injury accidents reported to the Police. Every endeavour is made to ensure the accuracy and completeness of these records, which have been transcribed from the original Police Reports. The data is then entered and held on computer.*

*Occasions may arise when information from the Police, relevant to a particular accident, may not be available for several months and will therefore not be included.*

I hope this assists. Should you have any further enquiries please do not hesitate to contact me directly on the details below.
