

Dear Requester

I refer to your recent Freedom of Information request:

I am writing to request information under the Freedom of Information Act relating to a road your authority is responsible for maintaining.

Specifically, my query relates to the A60 (Nottingham Rd) specifically between Old Newark Rd and the A617 (Sherwood Way), this is highlighted at Annex A.

Please can you send me:

- 1) A copy of your current road maintenance policy relating to that road. Please send me the full policy, but this should include details of the intended frequency of road safety inspections, how these inspections should be conducted and the maximum time between identification of a defect and repairs being carried out.
- 2) A copy of the road repair history for that road over the past year. Again, please send me the full road repair history, but this should include:
  - dates of all safety inspections between 01 Dec 2020 and 07 Feb 2021
  - details of how safety inspections were undertaken (walked or driven, speed of inspection vehicle etc)
  - details of all carriageway defects identified, with description, date and time
  - details of how the authority handled these defects, what repairs were undertaken and the time between the identification of each defect and a repair being carried out.

The response is as follows and in the attached document.

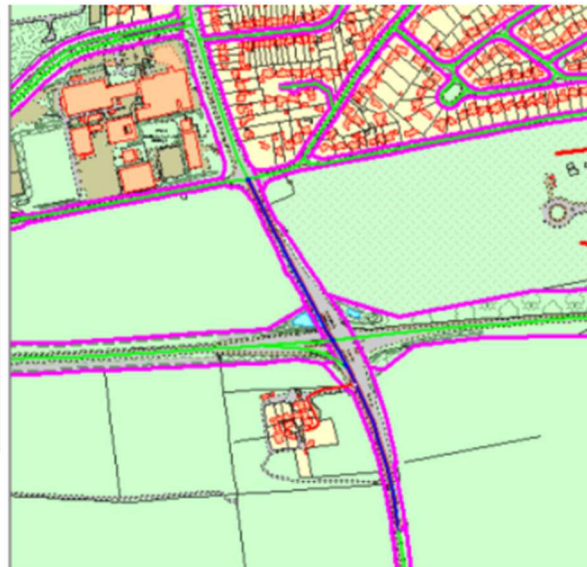

*Please refer to the County Council's Highway Inspection & Risk Manual for details regarding inspections of the Highway and associated works, which can be found at:*

<http://www.nottinghamshire.gov.uk/transport/roads/highway-inspection-manual>

*Nottinghamshire utilises a Highway Asset Management System (HAMS) to help manage matters relating to the Highway and the attached Street History report covers Nottingham Road A60, (USRN 24621625 – Feature 2002) for the period 01/12/2020 to 07/02/2021*

*The Street Section covered is detailed in the plan below (blue) with an extract from the HAMS relating to Hierarchy and Inspection Frequency :*
