title is easily
understood by
the general
public.):

Community Infection Prevention and Control Service

Which
document,
report, Option
for Change,
Committee
report etc. are the
details set out in?
(Please make
sure the relevant
report references
this EqIA.) :

Report to the Corporate Director for Adult Social Care
and Health-09/08/2023

What are the aims of your proposed activity / policy? (Please keep to approximately 100 words.):

There are currently two Community Infection Prevention and Control (CIPC) Section 75 arrangements for Nottinghamshire. These comprise a County service (excluding Bassetlaw) hosted by what was Nottingham and Nottinghamshire Clinical Commissioning Group (CCG) and a Bassetlaw service provided by (then) Bassetlaw CCG. The current arrangements end on 30 September 2023. The intention is to extend the current arrangements with Nottingham and Nottinghamshire Integrated Care Board (ICB) and use this opportunity to review the service and make any minor amendments to the service specification. A review of CIPC arrangements was undertaken in 2022 to analyse local need and understand future risks; that review would then inform the shape of the future service delivery. The strategic priority for the current re-commissioning process is to maintain an effective, safe CIPC resource for residential nursing and care homes for older people in Nottinghamshire, as well as those for adults with a learning disability. In addition, a wider range of settings have been identified by the CIPC review as requiring ad hoc, temporary support in responding to an outbreak if urgently needed.

Is a detailed impact assessment and consultation required?:

Yes a detailed impact assessment and consultation is required.

Impact Assessment details

Who are the main internal and external stakeholder groups that will be affected? (Please tick select all that are relevant.):

Not applicable

Other Groups

Consultation exercise:

Consultation exercise already done

Please give details of the consultation exercise undertaken.:

Key stakeholders were consulted regarding the proposed activity and the adoption of a risk-based approach so that additional settings may be included in the service offer. Stakeholders were asked if they agreed with the activity, the approach, the identified settings and asked to highlight any settings that may have been missed

Please indicate with whom you consulted and the outcome of the discussions.:

The survey was shared with: The Quality Market Management Team (QMM) within Nottinghamshire County Council UK Health Security Agency (UKHSA) Commissioned care providers (care homes, domiciliary care) Nottinghamshire County Council Group Youth Families and Social Work (inc children's residential homes) Homeless and asylum seeker providers Two responses were received from QMM and UKHSA. Both agreed with the proposed activity, approach, the inclusion of additional settings and no further settings were identified

Approval actions

Approver name:

Geoff Hamilton

Approver Email:

geoff.hamilton@nottsc.gov.uk

Actioned by:

geoff.hamilton@nottsc.gov.uk

Do you approve this impact assessment?:

Yes - this will complete the process.

Approver's comments:

Equality impact assessment is accurate and approved.
