

*If your
child lives
with someone
else...*

*...or
someone
else's child
lives with you*

You need to let us know!

If a child is living with someone who is not their parent, legal guardian or immediate family member for more than 27 days then they may be being **privately fostered**.

Local councils have a legal duty to ensure children are **safe and well**.

For more information pick up a leaflet from your local library or get in touch with your local council using the contact details below.
