NottsBus

May 6th marks the start of an exciting new era when the County Council begins using its own buses to benefit the fare paying public.

Service 111 (the Stapleford Shopper) is a well used local route which carries many older and less mobile passengers. It will now be linked to existing social care transport in the area which will bring to the route the benefits of latest design easy access buses and drivers highly trained in customer care, NVQ Level 2, first aid and MiDAS (Minibus Driver Awareness Scheme) trained.

By operating the service with our own vehicles and drivers we can ensure that the highest standards are maintained, whilst saving the extra expense of hiring in a contractor for the public service.
