

Think First: The Paradox

Competition Finalists 2006

They say you won't enjoy it,
Yet some brag about it too
Should I go for it and fit in
(with the others)
Will it prove my love for you?

I mean we don't have to rush it,
But I know it's all the craze,
Imagine if it goes wrong
It'd be on our minds for days

Now we've gone and done it,
No protection did we wear,
I know it's too late now,
And regrets we have to bear

If I was just to use protection,
Not get caught up at the time,
But I was so naïve,
And now this baby's mine
The parties we've ignored,

Well had to anyway...
We spend so much time indoors,
Looking after our new babe
I think you all know,
Where my childhood ran away,
We should have waited or used protection,
This child is here to stay

But even when you're in the mood,
Talking dirty in your ear.
Think first before you go for it,
Chance it and have to shed a tear

Chorus:

Listen to me now, the word I'm saying,
One night with a girl could really leave
you praying,
Now it comes in any shape, form or size,
9 months down the line could be a big
surprise

You'd Better Watch Out: Stinging Nettles

Competition Finalists 2006

You'd better watch out,
If you feel in doubt,
You don't have to shout,
I've made my decision,
That's the way I want it to be
(Repeat 3 times)

I have rights and,
You do too.
Don't need to fight,
Cause I love you,
That's the way I want it to be
(Repeat 3 times)

Chorus

STI's like Chlamydia,
HIV, Syphilis too
That's all the things I might receive,
If I make love to you

Now you realise,
All the effects,
What can happen,
With careless sex,
That's the way I want it to be

Repeat Chorus

You'd better watch out,
If you feel in doubt,
You don't have to shout,
I've made my decision,
That's the way I want it to be

Baby I love you,
That is what I want to hear,
But there's just no way I'll hear you say,
Things like that into my ears

Chocolates and flowers,
Then next thing you know it's pearls,
They'll be in a box on my table top,
You're not like this to most girls

You must think you're the only guy,
Who wants some of this charm
But I'm the one who will decide,
Who should take me in his arms

Lets do what I want,
It's a movie I'd suggest,
It's going to be romantic,
And I'll be the special guest

S'post I don't mind it,
When you kiss my nose and smile,
And I've not had butterflies like these,
Not felt like this for a while
