1 December 2016

Domestic abuse in Nottinghamshire

Domestic abuse in Nottinghamshire

- 27,400 adults can expect to experience DVA in one year = 67% women & 33% men
- 75% of children & young people witness DVA
- 15 domestic homicides since 2011
- 21% of DVA incidents are reported to the Police

Cost of domestic violence & abuse & return on investment of services

- Economic cost of DVA in Nottinghamshire is estimated to exceed £79m pa
- Audit commission (2011) estimates cost of DVA £20k pa per case over one year
- For every £1 spent on MARACs, £6 of public money can be saved annually

Providers and approach

- One county-wide approach
- Two contracts
- Three providers
- WAIS & NWAL subcontract male survivor service & workforce development to Equation

Service delivery model

- Risk & needs led, trauma informed, strengths based approach
 - Female adults – one to one support, drop ins, Freedom Programme, Hands are Not for Hurting
 - Male adults – one to one support
 - Teenagers – one to one & group support
 - Children & young people – one to one & group support, Hands are Not for Hurting
-

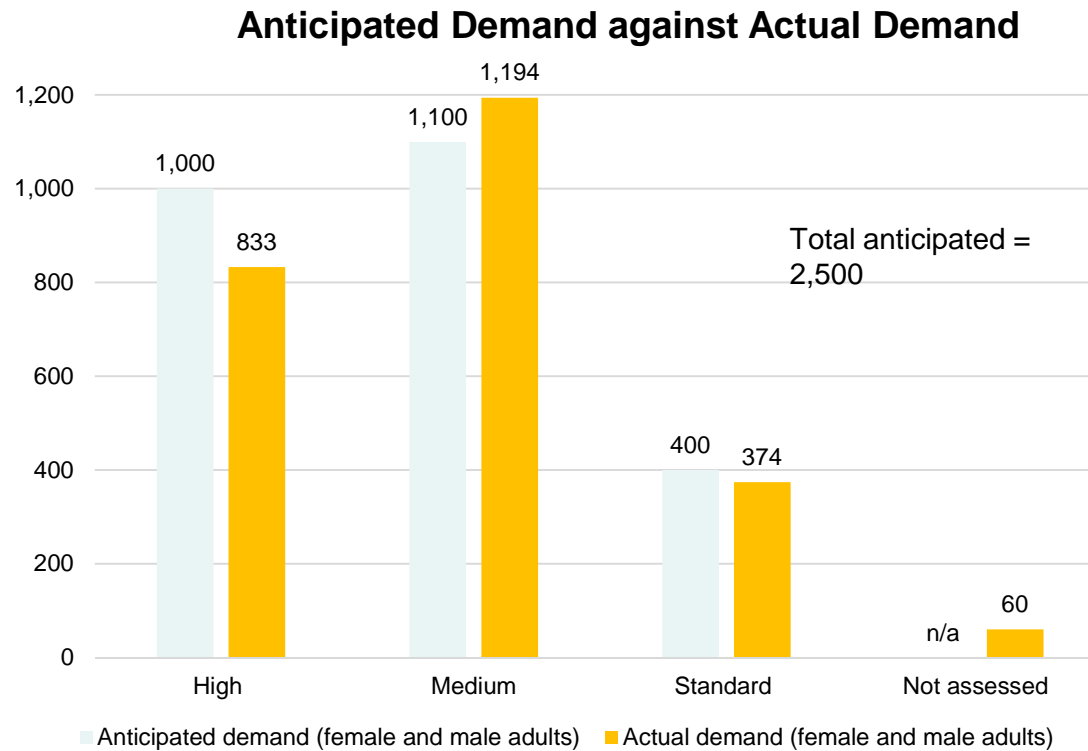

Who we supported in year 1

We supported
In 2015 - 2016

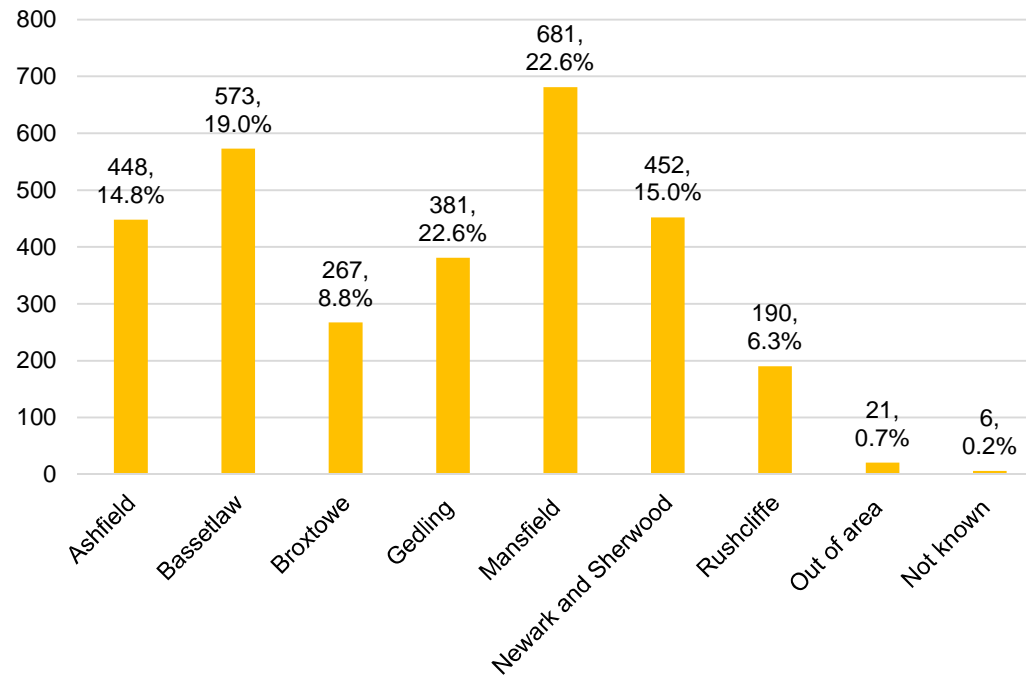

Level of risk

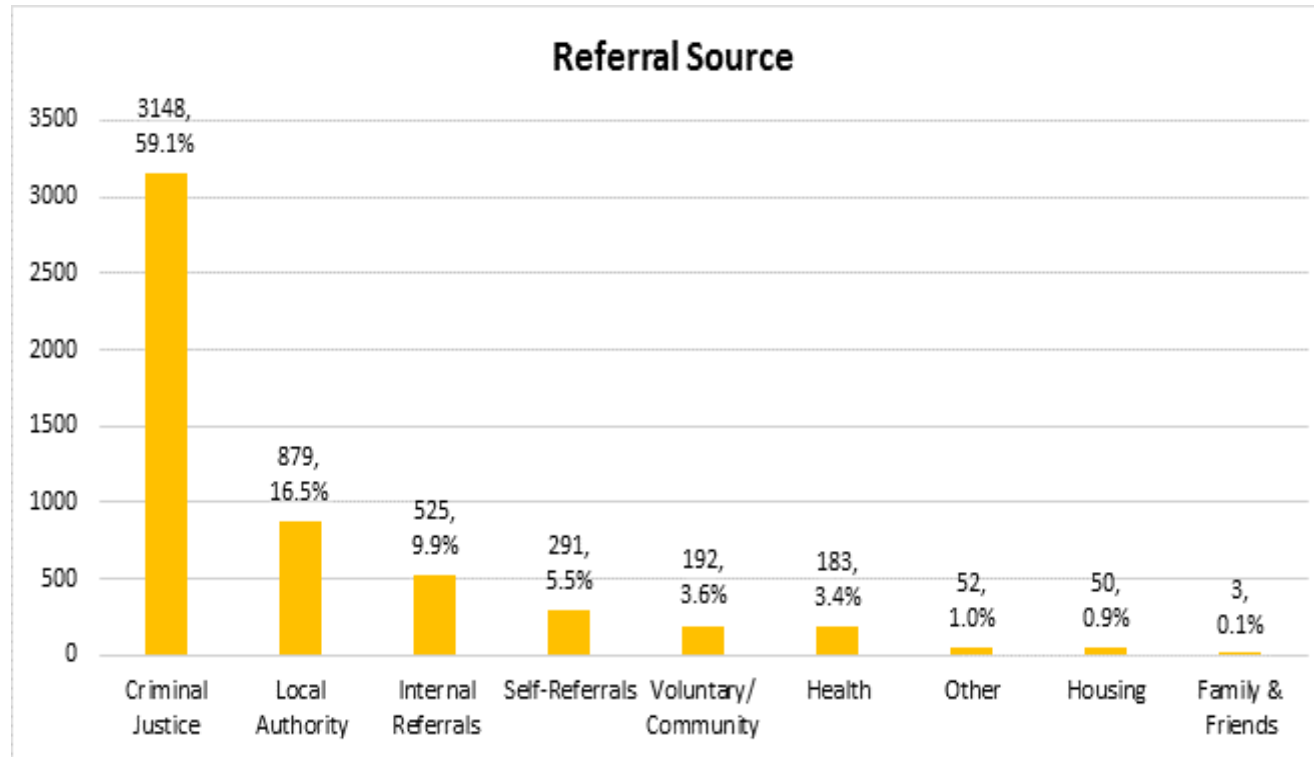

Where survivors live

District of residence at point of assessment of
Adults, Teens, Children & Young People

Who made referrals

Survivor outcomes

- 9 in 10 adult survivors were better informed about their support options
 - 8 in 10 adult survivors were safer
 - 7 in 10 adult survivors reported improved emotional wellbeing
 - 9 in 10 mothers reported that their children had improved emotional wellbeing
-

Workforce development

- Equation is subcontracted to provide DVA training across the county
- In Year 1, 28 multi agency courses attended by 453 participants
- Training complies with NICE PH50
- Sessions on coercive control, working with perpetrators, MARACs & HBV

Laura's journey

- Background
- Complex needs
- Interventions
- Partnership working
- Outcomes
