

WOODLAND PLANTING - TRANSPLANTS

Species	Size(cm)	Type	%
<i>Alnus glutinosa</i>	45-60	Tul	15
<i>Corylus avellana</i>	45-60	Tul	15
<i>Acer campestre</i>	45-60	Tul	20
<i>Malus sylvestris</i>	45-60	Tul	5
<i>Malva parviflora</i>	45-60	Tul	10
<i>Tilia cordata</i>	45-60	Tul	5
<i>Prunus spinosa</i>	45-60	Tul	10
<i>Quercus robur</i>	45-60	Tul	20
TOTAL 100			

Notes:
Native transplant species to be planted in odd numbered random groups of 1,3,7 within planting areas of 1.5m centres.

WOODLAND EDGE / SCRUB MIX - TRANSPLANTS

Species	Size(cm)	Type	%
<i>Corylus avellana</i>	45-60	Tul	20
<i>Crataegus monogyna</i>	45-60	Tul	20
<i>Malus sylvestris</i>	45-60	Tul	15
<i>Sax. aquatum</i>	45-60	Tul	5
<i>Ligustrum vulgare</i>	45-60	Tul	10
<i>Prunus spinosa</i>	45-60	Tul	10
<i>Rosa canina</i>	45-60	Tul	5
<i>Salic caprea</i>	45-60	Tul	10
TOTAL 100			

Notes:
Native transplant species to be planted in odd numbered random groups of 1,3,7 within planting areas of 1.5m centres.

WET WOODLAND MIX - TRANSPLANTS

Species	Size(cm)	Type	%
<i>Alnus glutinosa</i>	45-60	Tul	20
<i>Corylus avellana</i>	45-60	Tul	15
<i>Ligustrum vulgare</i>	45-60	Tul	5
<i>Rosa canina</i>	45-60	Tul	5
<i>Salic caprea</i>	45-60	Tul	15
<i>Salic alba</i>	45-60	Tul	15
<i>Salic fragilis</i>	45-60	Tul	15
<i>Salic viminalis</i>	45-60	Tul	10
TOTAL 100			

Notes:
Native transplant species to be planted in odd numbered random groups of 1,3,7 within planting areas of 1.5m centres.

HEDGEROW MIX - TRANSPLANTS

Species	Size(cm)	Type	%
<i>Cornus sanguinea</i>	45-60	Tul	5
<i>Corylus avellana</i>	45-60	Tul	10
<i>Crataegus monogyna</i>	45-60	Tul	10
<i>Acer campestre</i>	45-60	Tul	5
<i>Ros. aquatum</i>	45-60	Tul	5
<i>Prunus spinosa</i>	45-60	Tul	10
<i>Rosa canina</i>	45-60	Tul	5
<i>Tilia cordata</i>	45-60	Tul	5
<i>Quercus robur</i>	45-60	Tul	5
TOTAL 100			

Notes:
Native transplant species to be planted in double staggered rows at 1.5m x 1.5m centres.
* Fenced tree planting at 1.5m x 1.5m centres @ 100m x 100m

LEGEND

Site boundary	Wet grassland	50m wide Grizzled Skipper wildlife corridor with patches of bare ground and Creeping Cinqufoil
Agriculture	Reeds/aquatic planting to wetland margins	Proposed native woodland/ woodland edge/ wet woodland planting
Wildflower meadow field margins	Proposed footpath / access track	Existing native woodland/ woodland edge/ wet woodland planting
Shingle marginal habitat	Existing footpath / access track retained	Gated access
Proposed seasonally wet pond features and scrape areas	Proposed main drainage ditch	Proposed access points
Proposed permanent lake feature	Existing drainage ditch & direction of flow	Existing hedgerow retained
Proposed contours @ 1m	Cross section locations (See Drawing 05)	Proposed hedgerow
