### **UPDATE ON HEALTH AND CARE SYSTEM WINTER PLANNING 2022-2023**

#### **Purpose of the Report**

1. To consider the updated information provided regarding Nottingham and Nottinghamshire Integrated Care Board's winter planning arrangements.

#### **Information**

2. At its September 2022 meeting, the Committee considered and discussed in detail a report and presentation on the health and adult social care winter planning arrangements in place for 2022-2023. Arising from those discussions, the Committee requested a further update for consideration at its November 2022 meeting. This is attached as an Appendix to this report, and sets out the system response to increased pressures since the previous meeting, actions taken during critical incidents, and how the subsequent learning has informed the Winter Plan.
3. Following the previous meeting, at the end of September 2022 a Critical Incident was declared across the Integrated Care System, in view of extreme pressures and extended waiting times to access beds at NUH and Sherwood Forest Hospital NHS Trusts. The committee will wish to understand further the rationale and impact of this development
4. Lucy Dadge, Director of Integration and Caroline Nolan, System Delivery Director (Urgent Care) will attend Health Scrutiny Committee to brief Members and answer questions, as necessary.
