

APPENDIX 2

DETAILS OF PUBLIC REPRESENTATIONS RECEIVED (TOTAL)

Total Number of Objections	314
Issue	No. of objections per issue
General Opposition to Fracking	144
Pre-determination	145
Contamination of aquifer	174
Contamination of SSSI groundwater	142
Contamination of surface/agricultural drainage	6
Inaccurate baseline due to contamination	20
Waste storage in boreholes	37
Noise impact on Misson Springs Cottage	99
Impact on SSSI (general)	129
Contamination - risk to human health	118
Delay for Community Consideration	1
Condition - Committee	38
Condition - separate impartial body	47
Condition - monitoring periods	40
Condition - results made public	43
Condition - surface water monitoring	3
Condition - Chemical Testing	42
Condition - prevent abstraction of water	1
Condition - Prevent injection of water	1
Condition - IGas supply funding for Aquifer decontamination	1
Condition - Decontaminate site prior to work start	1
Condition - Work to start after 8:00am	1
Condition - Local Habitat Protection Ensured	1
Should delay to await drilling application	47
Conflict of interests - Environmental Assessment	2
Damage to amenity value (general)	1
Impact on local tourism	2
Unightly development	3
Monitoring isn't impartial	11
Boreholes incorrect size and location	9
Noise Pollution (general)	34
Light Pollution (general)	7
Air Pollution (Smell)	2
Overuse of area for commercial use	10
Overuse of area's roads	26
Noise and Light SSSI Impact (Birds, Moths and Bats)	4
SSSI drainage changes (Newts and Voles)	1

Pollutant Migration (General)	4
Regional Ecological Disturbance (General)	21
No surface water monitoring proposed	5
No aquifer monitoring proposed	1
Rocket site a heritage asset	9
Risk from unexploded WWII ordinance	13
Proximity to Misson village	5
Chemical testing insubstantial	1
Site and area of archaeological interest	4
Lack of Fracking Industry Regulation	2
Previous Dart/IGas Performance Unreliable	4
Loss of Property Value	4
Development Changes Regional Character	1
Further information consultation process	0

**DETAILS OF PUBLIC REPRESENTATIONS RECEIVED (LOCAL AREA – MISSON,
BLAXTON, FINNINGLEY AND WESTWOODSIDE)**

Total Number of Objections	52
Issue	No. of Objections per issue
General Opposition to Fracking	14
Pre-determination	28
Contamination of aquifer	33
Contamination of SSSI groundwater	22
Contamination of surface/agricultural drainage	4
Inaccurate baseline due to contamination	2
Waste storage in boreholes	2
Noise impact on Misson Springs Cottage	10
Impact on SSSI (general)	18
Contamination - risk to human health	12
Delay for Community Consideration	0
Condition - Committee	3
Condition - separate impartial body	6
Condition - monitoring periods	3
Condition - results made public	4
Condition - surface water monitoring	0
Condition - Chemical Testing	6
Condition - prevent abstraction of water	0
Condition - Prevent injection of water	0
Condition - IGas supply funding for Aquifer decontamination	0
Condition - Decontaminate site prior to work start	0
Condition - Work to start after 8:00am	0
Condition - Local Habitat Protection Ensured	0
Should delay to await drilling application	16
Conflict of interests - Environmental Assessment	1
Damage to amenity value (general)	0
Impact on local tourism	0
Unsightly development	0
Monitoring isn't impartial	9
Boreholes incorrect size and location	6
Noise Pollution (general)	11
Light Pollution (general)	3
Air Pollution (Smell)	1
Overuse of area for commercial use	9
Overuse of area's roads	14
Noise and Light SSSI Impact (Birds, Moths and Bats)	2
SSSI drainage changes (Newts and Voles)	1
Pollutant Migration (General)	2
Regional Ecological Disturbance (General)	7
No surface water monitoring proposed	5
No aquifer monitoring proposed	1
Rocket site a heritage asset	9
Risk from unexploded WWII ordinance	8

Proximity to Misson village	2
Chemical testing insubstantial	0
Site and area of archaeological interest	4
Lack of Fracking Industry Regulation	0
Previous Dart/IGas Performance Unreliable	1
Loss of Property Value	2
Development Changes Regional Character	0
Further information consultation process	0

**DETAILS OF PUBLIC REPRESENTATIONS RECEIVED
(NOTTINGHAMSHIRE, LINCOLNSHIRE AND SOUTH YORKSHIRE)**

Total Number of Objections	188
Issue	No. of Objections per issue
General Opposition to Fracking	96
Pre-determination	85
Contamination of aquifer	98
Contamination of SSSI groundwater	82
Contamination of surface/agricultural drainage	2
Inaccurate baseline due to contamination	12
Waste storage in boreholes	23
Noise impact on Misson Springs Cottage	62
Impact on SSSI (general)	77
Contamination - risk to human health	72
Delay for Community Consideration	1
Condition - Committee	22
Condition - separate impartial body	27
Condition - monitoring periods	25
Condition - results made public	26
Condition - surface water monitoring	2
Condition - Chemical Testing	25
Condition - prevent abstraction of water	1
Condition - Prevent injection of water	1
Condition - IGas supply funding for Aquifer decontamination	1
Condition - Decontaminate site prior to work start	1
Condition - Work to start after 8:00am	1
Condition - Local Habitat Protection Ensured	1
Should delay to await drilling application	27
Conflict of interests - Environmental Assessment	1
Damage to amenity value (general)	0
Impact on local tourism	2
Unsightly development	2
Monitoring isn't impartial	2
Boreholes incorrect size and location	2
Noise Pollution (general)	16
Light Pollution (general)	3
Air Pollution (Smell)	0
Overuse of area for commercial use	1
Overuse of area's roads	9
Noise and Light SSSI Impact (Birds, Moths and Bats)	2
SSSI drainage changes (Newts and Voles)	0
Pollutant Migration (General)	2
Regional Ecological Disturbance (General)	12
No surface water monitoring proposed	0
No aquifer monitoring proposed	0
Rocket site a heritage asset	0
Risk from unexploded WWII ordinance	3

Proximity to Misson village	3
Chemical testing insubstantial	1
Site and area of archaeological interest	0
Lack of Fracking Industry Regulation	2
Previous Dart/IGas Performance Unreliable	3
Loss of Property Value	1
Development Changes Regional Character	1
Further information consultation process	1

DETAILS OF PUBLIC REPRESENTATIONS RECEIVED (REST OF UK)

Total Number of Objections	43
Issue	No. of Objections per issue
General Opposition to Fracking	21
Pre-determination	19
Contamination of aquifer	28
Contamination of SSSI groundwater	25
Contamination of surface/agricultural drainage	0
Inaccurate baseline due to contamination	4
Waste storage in boreholes	5
Noise impact on Misson Springs Cottage	15
Impact on SSSI (general)	20
Contamination - risk to human health	19
Delay for Community Consideration	0
Condition - Committee	7
Condition - separate impartial body	8
Condition - monitoring periods	6
Condition - results made public	7
Condition - surface water monitoring	0
Condition - Chemical Testing	5
Condition - prevent abstraction of water	0
Condition - Prevent injection of water	0
Condition - IGas supply funding for Aquifer decontamination	0
Condition - Decontaminate site prior to work start	0
Condition - Work to start after 8:00am	0
Condition - Local Habitat Protection Ensured	0
Should delay to await drilling application	2
Conflict of interests - Environmental Assessment	0
Damage to amenity value (general)	1
Impact on local tourism	0
Unsightly development	1
Monitoring isn't impartial	0
Boreholes incorrect size and location	0
Noise Pollution (general)	4
Light Pollution (general)	1
Air Pollution (Smell)	0
Overuse of area for commercial use	0
Overuse of area's roads	2
Noise and Light SSSI Impact (Birds, Moths and Bats)	0
SSSI drainage changes (Newts and Voles)	0
Pollutant Migration (General)	0
Regional Ecological Disturbance (General)	0
No surface water monitoring proposed	0
No aquifer monitoring proposed	0
Rocket site a heritage asset	0
Risk from unexploded WWII ordinance	1

Proximity to Misson village	0
Chemical testing insubstantial	0
Site & area of archaeological interest	0
Lack of Fracking Industry Regulation	0
Previous Dart/IGas Performance Unreliable	0
Loss of Property Value	0
Development Changes Regional Character	0
Further information consultation process	0

DETAILS OF PUBLIC REPRESENTATIONS RECEIVED (NO ADDRESS PROVIDED)

Total Number of Objections	31
Issue	No. of Objections per issue
General Opposition to Fracking	13
Pre-determination	13
Contamination of aquifer	15
Contamination of SSSI groundwater	13
Contamination of surface/agricultural drainage	0
Inaccurate baseline due to contamination	2
Waste storage in boreholes	7
Noise impact on Misson Springs Cottage	12
Impact on SSSI (general)	14
Contamination - risk to human health	15
Delay for Community Consideration	0
Condition - Committee	6
Condition - separate impartial body	6
Condition - monitoring periods	6
Condition - results made public	6
Condition - surface water monitoring	1
Condition - Chemical Testing	6
Condition - prevent abstraction of water	0
Condition - Prevent injection of water	0
Condition - IGas supply funding for Aquifer decontamination	0
Condition - Decontaminate site prior to work start	0
Condition - Work to start after 8:00am	0
Condition - Local Habitat Protection Ensured	0
Should delay to await drilling application	2
Conflict of interests - Environmental Assessment	0
Damage to amenity value (general)	0
Impact on local tourism	0
Unsightly development	0
Monitoring isn't impartial	0
Boreholes incorrect size and location	1
Noise Pollution (general)	3
Light Pollution (general)	0
Air Pollution (Smell)	1
Overuse of area for commercial use	0
Overuse of area's roads	1
Noise and Light SSSI Impact (Birds, Moths and Bats)	0
SSSI drainage changes (Newts and Voles)	0
Pollutant Migration (General)	0
Regional Ecological Disturbance (General)	2
No surface water monitoring proposed	0
No aquifer monitoring proposed	0
Rocket site a heritage asset	0
Risk from unexploded WWII ordinance	1

Proximity to Misson village	0
Chemical testing insubstantial	0
Site & area of archaeological interest	0
Lack of Fracking Industry Regulation	0
Previous Dart/IGas Performance Unreliable	0
