Under the School Governance (Constitution) (England) Regulations 2012, as amended by the School Governance (Constitution and Federations) (England) Amendment Regulations 2014, governing bodies of maintained schools were required to reconstitute to a skills-based model of governance by September 2015, and are allowed one LA governor on the reconstituted governing body. For this model of governance, governing bodies may set eligibility criteria for, and appoint, the Local Authority governor.
4. Under these Regulations the County Council is responsible for nominating individuals as prospective governors. Nominations are made by the County Council, in accordance with the eligibility criteria provided by the governing body. When nominating new governors or re-nominating existing governors, the County Council must consider the skills and experience the governing body needs in order to be effective

### Other Options Considered

7. Nottinghamshire County Council's strategy for recruiting and retaining school governors includes the re-appointment of existing governors. The County Council sees many advantages in retaining experienced governors and actively seeks to encourage governors approaching their end of term of office to stand again either in the same school or in a different school. The appointments made ensure the retention and supply of experienced governors.
