1. To consider a further update in relation to changes in Neurorehabilitation services at Chatsworth Ward, Sherwood Forest Hospitals.

Information

2. Members will recall that this matter was last on the agenda of the Health Scrutiny Committee in July 2018 when the committee heard that the CCG's Governing Body had met on the 5th July 2018 and supported the business case to commission guaranteed Neurorehabilitation beds on the current Chatsworth ward as well as to provide a community neurorehabilitation service for patients in mid-Nottinghamshire. In addition, the Governing body asked for further work to be undertaken with prospective providers to ensure pathways were in place to ensure that the right level of patients (from a neurological point of view) were in the right place in the new model and that the provision was adequate for 24 hour care on the ward.
3. The next steps will be to secure a provider for the service and work with them to ensure the delivery of the required service and there after a 6 month evaluation.
4. Senior representatives of the Clinical Commissioning Group will attend Health Scrutiny Committee to brief the committee and answer questions as necessary. In addition, a short written briefing from the commissioners is attached as an appendix to this report.
