Information

5. There is a time lag between inspection outcomes as known within the Council and the published summary data. This report will focus on published Ofsted reports for the Spring term, 2018-19 academic year.
6. This report draws on two main sources of data:

- Ofsted's website www.gov.uk/government/organisations/ofsted which publishes individual school inspection reports, usually within two weeks of inspection. However, this can take considerably longer for a school that is judged as Inadequate as Ofsted carries out increased quality assurance exercises. This can take up to two months to complete.
- Ofsted's monthly management information <https://www.gov.uk/government/statistical-data-sets/monthly-management-information-ofsteds-school-inspections-outcomes>. This is up to date as at 30 April 2019 and provides data on the proportion of Good schools at Local Authority level but not the proportion of learners attending Good schools. This provides an overall comparison of the performance of Nottinghamshire schools with those nationally.

7. There are two types of inspection under the common inspection framework that are used to judge the performance of schools in England:

- the Section 5 inspection is a two day inspection of a school that Requires Improvement or is Inadequate or is being inspected for the first time (typically a new academy). This inspection provides judgements against the four key inspection areas (Effectiveness of leadership and management; Quality of teaching, learning and assessment; Personal development, behaviour and welfare; Outcomes for pupils) and the overall judgement for the school. If the school has an Early Years Foundation Stage or a 6th Form, these will receive additional judgements.
- the Section 8 inspection is a one day inspection of schools previously judged as Good by Ofsted (and for Outstanding special schools and Pupil Referral Units). This inspection evaluates whether the school remains at the same grade as at the previous inspection. If the Ofsted pre-inspection desktop analysis indicates that the inspection is likely to convert to a Section 5 inspection, the school will be informed at the initial contact telephone call that the inspection will be carried out as a section 5 inspection rather than a section 8.
- from September 2018 Ofsted has adopted a revised schedule for the timing of school inspections summarised as follows (changes are in bold):
 - New schools
 - Ofsted usually inspects all new schools, including academies, **normally this happens in the school's third year**
 - Schools judged 'outstanding'
 - Some schools judged Outstanding are exempt from routine inspection. However, Ofsted can inspect them using a Section 8 inspection.
 - This exemption does not apply to maintained nursery schools, special schools or pupil referral units
 - Schools judged 'good'
 - A school judged Good will normally receive a one-day short inspection, approximately every four years but some will receive a full inspection if the school's performance may have deteriorated significantly.
 - if a school shows improved performance at its short inspection then it may receive a full inspection within two years to determine if it is now outstanding.

- if a lead inspector is not satisfied at a short inspection then the next inspection will be a full inspection within two years to determine if the school remains Good, Requires Improvement or is Inadequate.
- Ofsted will convert short inspections to full inspections within 48 hours if evidence suggests that the school may be Inadequate or there are serious concerns about safeguarding, pupils' behaviour or the quality of education.
- Schools judged Requires Improvement
 - Ofsted may monitor a school judged Requires Improvement. **This will not normally apply to a school that has been judged Requires Improvement for the first time.** The school will usually have **a full re-inspection within 30 months of the school's last full inspection.**
- Schools judged Inadequate
 - When Ofsted judges a school Inadequate, it places the school in a category of concern. This means Ofsted judges the school either to have serious weaknesses or to require special measures.
 - The school will then become a sponsored academy. **Ofsted will not usually monitor the school unless there are safeguarding concerns or there is a delay in the school becoming a sponsored academy.**

- a new inspection framework will be implemented from September 2019.

8. **Appendix 1** shows Local Authority inspections over the Spring term 2019. Compared with previous inspections:

- there were 31 schools inspected in the Spring term
- 3 of the inspections in the Spring term were of schools judged to be Outstanding under previous frameworks. Under the current framework all three of the schools were judged to be Good.
- 24 of the inspections in the Spring term were of Good schools. 19 of these schools retained their previous Good judgement of which one was Good but improving and will receive a full inspection within two years to determine whether it is now Outstanding.
- Eastlands Junior, Christ Church Infants and Holgate Academy all moved from Good to Requiring Improvement. Haggonfields Primary and Sutton Community Academy both moved from Good to Serious Weaknesses.
- John Hunt Primary, Lakeview Primary and Trent Vale Infants all moved from Requiring Improvement to Good.
- Woodland View remains as Requiring Improvement. This is the third inspection resulting in a Requiring Improvement judgement for the school.

9. **Appendix 2** shows the reasons the schools were placed in Requiring Improvement and the actions taken by the Local Authority to support these schools.

10. The summary table below shows that, as a result of the inspections over the last term, Nottinghamshire is now in line with the national average for all schools but Nottinghamshire primary schools are performing below the national average although they remain above the East Midlands. Nottinghamshire secondary schools continue to perform well above the national and regional figures.

Management Information for Schools 30 th April 2019			
Number of Good or better schools	National	Notts	E Midlands
All Schools	85%	85%	82%
Primary	87%	84%	83%
Secondary	75%	86%	70%

Other Options Considered:

11. No other options have been considered.

Reason/s for Recommendation/s

12. To ensure Members of the Committee are aware of the steps being taken to ensure that all children in Nottinghamshire have the opportunity to attend a Good school.

Statutory and Policy Implications

13. This report has been compiled after consideration of implications in respect of crime and disorder, data protection and information governance, finance, human resources, human rights, the NHS Constitution (public health services), the public sector equality duty, safeguarding of children and adults at risk, service users, smarter working, sustainability and the environment and where such implications are material they are described below. Appropriate consultation has been undertaken and advice sought on these issues as required.

Financial Implications

14. It is part of the Local Authority's statutory duty to support maintained schools which have been risk assessed as Requiring Improvement. Three maintained schools fell into this category and are identified at **paragraph 8**. Due to the Education Improvement Service annual risk assessment process all three schools had already been identified as requiring additional support and the cost of this will be met from the DfE School Improvement Grant. The School Improvement Grant was £735,000 for 2018-19 and although the full allocation for 2019-20 hasn't been confirmed yet it is expected to be a similar amount.
15. Additional funding will be required to meet the costs of additional support for the maintained schools judged by Ofsted as Inadequate. One school fell into this category and is identified at paragraph 8. This is likely to be up to £35,000 and will be funded from the School Improvement Grant.
