

### The Cohorts and Numbers to be supported across DN2

Cohort A: those children stepping down from residential provision in to specialist fostering placements

Cohort B: those children needing additional support in a fostering placement to maintain placement stability, where the placement is in danger of being disrupted/unplanned ending and to support the move to a new foster placement should this be required

Cohort C: those children reunifying to the family home after a period in care

Cohort D: those children at the edge of care, currently living in the family home where family functioning/conflict is an identified issue. The intervention attempts to avoid the child coming in to care
