

Joint Health Scrutiny Committee Work Programme 2010-2011

Purpose

1. To allow the Joint Health Scrutiny Committee to review and update the programme of work.

Background

2. The Joint City and County Health Scrutiny Committee is responsible for scrutinising decisions made by NHS organisations, together with other issues, which impact upon the conurbation of Greater Nottingham. Much of the Committee's work is focused on major projects being carried out by Trusts within the conurbation.
3. The work programme is updated following each meeting of the Joint Health Scrutiny Committee and presented to Members for consideration.
4. The work programme is attached as an appendix to this report.
5. The study group will therefore continue to develop relations with the CQC and will arrange for a briefing on the work of the CQC to be delivered to the whole Joint Health Committee.

Recommendations

6. It is recommended that the Joint Health Scrutiny Committee:

agree the updated programme of work for 2010-2011
